**Re: Notices in accordance with Regulation 18(3)(b) of the Waste Water Discharge  
(Authorisation) Regulations 2007)**

Dear Mr. Huskisson,

Your notices dated 31<sup>st</sup> May and 1<sup>st</sup> June last and previous correspondence regarding the following Waste Water Discharge Licence applications refer.

Reg No.	Agglomeration Name	Date of Application
D0437-01	Boherbue	22/06/2009
D0438-01	Bweeng	22/06/2009
D0439-01	Conna	22/06/2009
D0445-01	Glanworth	22/06/2009
D0450-01	Clondulane	22/06/2009

In relation to the agglomerations above, all are discharging to the Blackwater SAC or directly to other SACs in the catchment thereof, it is our understanding from DOEHLG circular L8/08 that full appropriate assessments are required in all such cases. That being the case we would ask that requests for assessments for Boherbue, Bweeng, Conna, Glanworth and Clondulane be deferred until your requirements in relation to all licence/certificate applications for discharges to the Blackwater SAC, or to other SACs/SPAs in the catchment thereof, have been advised to us. This bundling of assessments to cover the entire Blackwater catchment area would minimise potential procurement costs and allow us to consider making budgetary provision for the cost in 2011. Flow diagrams for each of the agglomerations are attached as requested.

Yours faithfully,

*Adrian O'Friel*  
Substitute Senior Engineer
