Reg No: D0054-01

Dear Ms Power

I am to advise that the Agency has amended your existing Licence Register No. D0054-01 under Regulation 33 of the Waste Water Discharge (Authorisation) Regulations 2007, to incorporate the changes as outlined in the attached Clerical Amendment A document. The amendment shall be read in conjunction with and attached to your existing licence, Register No. D0054-01

The Agency has noted a clerical error in your WWDA licence Register No. D0054-01 issued to you on the 20th July 2010:

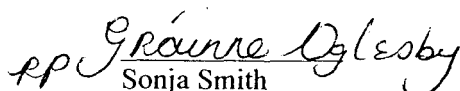

Decision & Reasons for the Decision

Amend the second paragraph of "Decision & Reasons for the Decision" to the licence to read as follows:

Having regard to the requirement in the licence for a phased and strictly monitored programme of improvements for the waste water works servicing the Cobh agglomeration and the requirement that no deterioration in the quality of the receiving waters shall occur as a result of the discharge(s), it is considered that the licence will aim to achieve the environmental **objectives** including environmental quality standards established under statute and prevent and reduce environmental pollution.

If you have any further queries please contact the Agency at telephone no. 021 48775510.

Yours sincerely,

pp Sonja Smith
