Dave,

Following on from Sonja's reply to you on 15/10/10.

Please note that the EPA has not received an EIS from the applicant to date.

However, they have been asked to confirm with the Planning Authority regarding the requirement of an EIS. We are currently awaiting their response.

Regards,
Máire

Subject: Westland Horticulture's Application for an IPPC License

Hello Sonja/ Marie

I'd like to enquire as to any decision that has been made in granting an IPPC license to Westland Horticultural Ltd. Application reference number P0914-01-100803101509

I would be grateful for any further information you might have on this matter, and also, if an "Environmental Impact Assessment" is required.

Kind regards,

Dave Raftis
