Re: Final Decisions on Applications for Certificates of Authorisation for Agglomerations with a P.E. of less than 500

A0016-01 Meath County Council - Robinstown
A0020-01 Monaghan County Council - Threemilehouse
A0021-01 Meath County Council - Kilberry
A0029-01 Monaghan County Council - Tydavnet
A0031-01 Monaghan County Council - Clontibret
A0035-01 Monaghan County Council - Drum
A0053-01 Meath County Council - Lloyd Kells
A0063-01 Meath County Council - Batterstown
A0066-01 Westmeath County Council - Castletown Geoghan
A0103-01 Fingal County Council - Naul
A0110-01 Fingal County Council - Garristown

I approve the recommendations as submitted subject to the following changes:

See Template Changes Attached

Signed:

Frank Clinton, Programme Manager,
Environmental Licensing Programme,
Office of Climate, Licensing & Resource Use

Dated: 21/10/2010

Template type changes required to Robinstown (and universal to all other CoAs)

Item	As is	As corrected	Comment
1	Definition of Environmental Pollution (word omitted)	As per Regulation	One word "food" missing in the current version
2	Definition of the term "Incident". It is defined as an "incident". This is not logical"any event or occurrence with the potential for environ....."	The word "occurrence" is used in Condition 2.1 so I think it's a good word to use with "event"
3	2.1 The Certificate of Authorisation holder shall notify the Agency by webform or any other means as may be specified by the Agency, as soon as practicable after the occurrence of any incident. The Certificate of Authorisation holder shall include as part of the notification, the date and time of the incident, summary details of the occurrence, and where available, the steps taken to minimise any discharges. The incident notification shall be provided in a format as may be specified and in accordance with any relevant guidance issued by the Agency.	2.1 The Certificate of Authorisation holder shall notify the Agency by webform or by any other means as may be specified by the Agency as soon as practicable after the occurrence of any incident. The Certificate of Authorisation holder shall include as part of the notification, the date and time of the incident, summary details of the occurrence and where available, the steps taken to minimise any discharges. The incident notification shall be provided in a format as may be specified and in accordance with any relevant guidance issued by the Agency.	Add in "by" and remove 2 commas
4	2.2 In the case of any incident relating to a discharge to water, the Certificate of Authorisation holder shall notify the Inland Fisheries Ireland and the relevant downstream Water Services Authority, as soon as practicable after such an incident.	2.2 In the case of any incident relating to a discharge to water, the Certificate of Authorisation holder shall notify Inland Fisheries Ireland and the relevant downstream Water Services Authority as soon as practicable after such an incident.	Remove "the" and remove comma

	Space omitted just before Cond 2.3.1	Put in a space just before Cond 2.3.1	Layout/format
5			
6	At end of text in Cond 2.3.5 there is a full-stop “.”	At end of text in Cond 2.3.5 there should be a semi-colon “;”	Replace “.” With “;”
7	2.4 All reports shall be certified accurate and representative by the Director of Services or a nominated, suitably qualified and experienced deputy.	2.4 All reports shall be certified accurate and representative by the relevant Director of Services or a nominated, suitably qualified and experienced deputy.	Insert the work “relevant”
8	3.2 The discharge(s) to waters from the waste water works shall comply with the conditions set out in this Certificate of Authorisation or as modified under Condition 3.12 of this Certificate of Authorisation.	3.2 The discharge(s) to waters from the waste water works shall comply with the conditions set out in this Certificate of Authorisation.	I believe that the yellow text weakens the condition and is unnecessary, as used. I checked with someone in OEE and they agree.
9	3.3 The Certificate of Authorisation holder shall operate the waste water works in accordance with best practice to ensure that discharges from the works do not cause environmental pollution, a deterioration in the status of the receiving surface water body or groundwater body on either a temporal basis or a spatial basis.	3.3 The Certificate of Authorisation holder shall operate the waste water works in accordance with best practice to ensure that discharges from the works do not cause environmental pollution or a deterioration in the status of the receiving surface water body or groundwater body on either a temporal basis or a spatial basis.	Replace “.” with “or”
10	3.4 The Certificate of Authorisation holder shall within twelve months identify appropriate improvements to the sewerage system, including waste water treatment plant necessary to ensure all discharge(s) from the agglomeration contribute towards achieving at least good status in accordance with the European Communities Environmental Objectives (Surface Waters) Regulations 2009 and/or the European Communities Environmental Objectives (Groundwater)	3.4 The Certificate of Authorisation holder shall, within twelve months of the date of grant of this Certificate of Authorisation, identify appropriate improvements to the sewerage system, including the waste water treatment plant, which are necessary to ensure all discharge(s) from the agglomeration contribute towards achieving at least good status in accordance with the European Communities Environmental Objectives (Surface	Make 3 identified changes to the text including 2 commas

	Regulations 2010.	Waters) Regulations 2009 and/or the European Communities Environmental Objectives (Groundwater) Regulations 2010.	
11	3.5 The Certificate of Authorisation holder shall, within twelve months of date of grant of this Certificate of Authorisation, identify the possible presence of organic compounds and/or metals from the primary discharge point (and any secondary agglomeration). In identifying organic compounds and/or metals to be monitored, the risk assessment shall have regard to:	3.5 The Certificate of Authorisation holder shall, within twelve months of the date of grant of this Certificate of Authorisation, identify the possible presence of organic compounds and/or metals from the primary discharge point (and any secondary discharge point within the agglomeration) and prepare a risk assessment. In identifying organic compounds and/or metals to be monitored, the risk assessment shall have regard to:	2 changes
12	At end of 3.5(iii) “,” should be “.”	Replace “,” with “.”	typo
13	3.7 Having regard to the assessment carried out under Condition 3.6 the Certificate of Authorisation holder, shall carry out the necessary improvement works in the timeframe(s) specified in the assessment report(s).	3.7 Having regard to the assessment carried out under Condition 3.6 the Certificate of Authorisation holder, shall carry out the necessary improvement works in the timeframe(s) specified in the assessment report(s).	Remove unnecessary “,”
14	3.8 The Certificate of Authorisation holder shall, as a minimum biannually, sample and analyse the discharge from the primary discharge for BOD, Suspended Solids and COD. Results shall be available for inspection on request by authorised persons of the Agency.	3.8 The Certificate of Authorisation holder shall, as a minimum biannually, sample and analyse the discharge from the primary discharge point for BOD, Suspended Solids and COD. Results shall be available for inspection on request by authorised persons of the Agency.	Insert the work “point”
