

Extract from the Minutes of the 634th Licensing Meeting of the Environmental Protection Agency, held on 2 November 2010 at Headquarters, Johnstown Castle Estate, Co Wexford

- (ii) *Licensee:* **Endesa Ireland Limited
Great Island Generating Station
Campile
New Ross
County Wexford**
Register of Licence No: P0606-03

The Directors considered a recommendation from the Office of Climate, Licensing and Resource Use that the Agency approve the Recommended Determination to grant an IPPC Licence. The following documentation was submitted: Recommended Determination and Summary report of the Inspector dated 22 October 2010. The Directors noted that this is a review of Register of Licence No. P0606-02.

A copy of the licence application was available electronically.

F Clinton gave a verbal presentation.

Inspector's Report

The Directors noted the Inspector's Report and sought clarification on the following points;

- that requirements regarding historical waste disposal operations at the installation are still in place in the Recommended Determination.
- the source of exceedances of Aluminium and Arsenic from monitoring of groundwater in 2008 and 2009.

Recommended Determination

Glossary of Terms

Include definition for ELRA

Condition

12.3 Clarify that there is an existing ELRA for the installation.

Following discussion, the Directors decided to grant a licence, as modified, to Endesa Ireland Limited, for their facility at Great Island Generating Station, Campile, New Ross, County Wexford, Register of Licence No P0606-03, subject to the conditions as set out in the licence.
