## RE: W0208-02 Licence Review Application

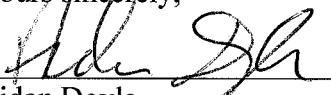

Dear Mr. Meaney,

I am writing regarding the review application in respect of Oxygen Environmental Ltd. at Merrywell Industrial Estate, Ballymount Road Lower, Dublin 22. Oxygen received correspondence from the Agency dated 11/05/10 confirming receipt of application documents and fee on 07/05/10. We are yet to receive communication as to whether the application complies with the requirements of articles 12 and sub-articles 13(1) and (2) of the Waste Management (Licensing) Regulations 2004.

The proposed project is imperative to the company's environmental performance as well as its economic competitiveness. Oxygen are eager to provide the Agency with any additional information or detail that they may require in order to process the Licence application.

I would like to request a meeting with the Agency at their convenience early in the new year to discuss the application and expected timelines. Your preferred date and location can be arranged with Rachel Griffith on 01 4263114. This would be greatly appreciated.

Yours sincerely,

  
Aidan Doyle  
Operations Director
