

***Extract from the Minutes of the 643rd Licensing Meeting of the Environmental Protection Agency, held on 18 January 2011
at Headquarters, Johnstown Castle Estate, Co Wexford***

Waste Water Discharge Licence Application

Licensee: **Monaghan County Council**
 County Offices
 The Glen
 Monaghan
 County Monaghan
Agglomeration: **Castleblaney**
Register of Licence No: **D0205-01**

The Directors considered a recommendation from the Office of Climate, Licensing and Resource Use that the Agency approve the recommended decision to grant a Waste Water Discharge Licence. The following documentation was submitted: Recommended Licence; one Third-Party submissions and summary report of the Inspector.

A copy of the licence application was available electronically.

K Creed gave a verbal presentation.

Inspector's Report

The Directors noted a typographical error in the Inspector's Report. The Directors noted that *Condition 4.19* in paragraph 5 on page 8 should read *Condition 4.18*.

Recommended Licence

Introduction

Delete paragraph 5 '*Lough Muckno is designated as nutrient good water quality status*'

Conditions

4.11 Replace entire condition text to read as follows:

Dangerous Substances

4.11.1 A representative sample of effluent from the primary discharge point and each secondary discharge point shall be screened for the presence of organic compounds and metals within six months of the date of grant of this licence. The list of parameters for analysis shall include, as a minimum, those organic compounds and metals identified as relevant having regard to the Water Policy Regulations 2003 and amendments (S.I. No. 722 of 2003 and amendments) and any other relevant legislation. Such screening shall be repeated at intervals as requested by the Agency thereafter.

4.11.2 The licensee shall, within twelve months of the date of grant of this licence, investigate the sources of dangerous substances detected during monitoring of the primary discharge and take such measures as are

necessary to comply with the European Communities Environmental Objectives (Surface Waters) Regulations (S.I. no. 272 of 2009) for the discharge of such substances from the waste water works. A report on the investigation and measures identified, including timeframe for implementation, shall be included in the AER.

Following discussion, the Directors approved the recommended decision to grant a licence, as modified, to Monaghan County Council for the waste water discharge relating to the Castleblaney agglomeration, Register of Licence No D0205-01, subject to the conditions as set out in the licence document
