Dear Sirs

**RE: ROADSTONE WOOD LTD., HUNTSTOWN QUARRY, FINGLAS, DUBLIN 11
WASTE LICENCE APPLICATION FOR INERT SOIL RECOVERY FACILITY**

Further to your letter dated 13 April last, we write on behalf of our Client, Roadstone Wood Ltd. to confirm that site notices were erected at both entrances to its proposed inert waste recovery facility at Huntstown, Finglas, Dublin 11 on 18th April 2011, in accordance with the requirements of Section 7 of the Waste Management (Licensing) Regulations 2004

Photographs showing the site notice in place at both entrances to the proposed facility, along the North Road (the former N2 National Primary Road) and the Kilshane Road are appended to this letter.

A copy of the site notice is also provided under cover of this letter.

Should you require any additional information or clarification in respect of this waste licence application, please contact the undersigned.

Yours sincerely
SLR Consulting Limited

SITE NOTICE

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A WASTE LICENCE

ROADSTONE WOOD LTD., Fortunestown, Tallaght, Dublin 24 intends to apply to the Environmental Protection Agency for a waste licence in respect of an inert waste recovery facility on its lands at Huntstown, Dublin 11 (National Grid Reference 3109E 2420N). The waste licence application provides for

- (i) Use of approximately 7,295,000 tonnes of inert natural materials, principally excess soil, stones and/or broken rock to backfill a large existing void created by rock extraction;
- (ii) Separation of any non-inert construction and demolition waste unintentionally imported to site prior to its removal off-site to appropriately licensed waste disposal or recovery facilities
- (iii) Temporary stockpiling of topsoil and subsoil pending re-use in site restoration
- (iv) Restoration of the backfilled void (including placement of cover soils and seeding) and return to use as agricultural grassland
- (v) Environmental monitoring of noise, dust, surface water and groundwater for the duration of the site restoration works.

The principal activity is Class 4 of the Fourth Schedule (recycling or reclamation of inorganic materials). Other activities include Class 2 of the Fourth Schedule (recycling or reclamation of organic substances which are not used as solvents) and Class 13 of the Fourth Schedule (temporary storage pending recycling or reclamation).

An Environmental Impact Statement will be submitted to the Agency with the Waste Licence Application.

A copy of the Waste Licence Application, the Environmental Impact Statement and further information relating to the Application that may be furnished to the Agency in the course of its consideration of the Application will, as soon as practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency.
