Subject: W0129-02: Request for Technical Amendment

Dear Brian,

Please note that the following typographical error has been detected in W0129-02 that requires immediate correction: Condition 8.9.5 incorrectly refers to EU Decision as 2003/22/EC rather than 2003/33/EC. Our concern is that if we were to take court proceedings in respect of the acceptance of non-inert waste into this inert landfill, the case would be dismissed because of this typographical error.

I believe that this error may be corrected through a Technical Amendment.

I note other references in W0129-02 to the Council Decision are correct. The source of the error may be in the landfill template, and checking would be advisable.

Please give me a call if you have any queries.

Regards,

Eamonn
