4. Waste Licence Applications Update Memo

Wicklow County Council (Ballymurtagh Landfill) – Reg No. W0011-02

The Directors considered documentation from the Office of Climate, Licensing and Resource Use updating the Board of the current status in the assessment of the application for a review of the licence for the Ballymurtagh Landfill, W0011-02. B Meaney & M Ford gave a presentation outlining the background to the Landfill and the existing waste licence for the site. The presentation also detailed information regarding the current situation at the closed landfill and the works undertaken by Wicklow County Council as part of the licence review application. The Directors noted that there was an ECJ Judgment against Ireland regarding the Ballymurtagh landfill. Following discussion the Directors noted the information presented to them and agreed that the EPA should fully engage with Wicklow County Council to resolve the outstanding issues for the licence review to ensure that any reviewed licence would address the findings of the ECJ Judgment. The Directors requested a future update regarding this facility.
