Will sort that out for you, Louise – it's something to do with the fact that our own database is not yet accepting the new codes. Will let you know when it's done.

Thanks for spotting it!

Regards  
Bea

Hi Bea,

I note a small error on the epa webpage relating to this application re the principal activity (these classes changed recently in line with 2011 waste regulations).

The webpage reads:

<b>Reg No.</b>	W0279-01 <a href="#">About Licence RSS Feeds</a>
<b>Applicant Name:</b>	Rehab Glassco Limited
<b>Facility Name:</b>	Rehab Glassco Limited
<b>Location of Facility:</b>	Unit 4 Osberstown Industrial Park, Caragh Road, Naas, Co Kildare, Kildare.
<b>Type of Facility:</b>	Materials Recovery Facility
<b>Principal Class of Activity:</b>	4.5
<b>Description of Principal Class of Activity:</b>	Regeneration of acids or bases.
<b>Other Classes of Activity</b>	nullnul
<b>(more about classes of activity)</b>	
<b>Application Date:</b>	27/07/2011
<b>Licence Status:</b>	Applied

It should read (as per application): *R 5 Recycling/reclamation of other inorganic materials*

Could you have a look into it please?
