Ref: Waste Licence Application Ref: W0129-03

Dear Ms. Rooney,

I refer to your letter dated 10 October 2011 in relation to your application to the Agency for a review of a waste licence for your integrated waste management facility at Hollywood Great, Nag's Head, Naul, Co. Dublin.

Your application was received by the Agency on 17 December 2010. I note that unsolicited additional information was received on 4 July 2011 and again on 20 July 2011. I note that the Agency, on 9 August 2011, received a reply from you in relation to an Article 14(2)(b)(ii) request for additional information. Our acknowledgement of receipt of this information was sent to you on 16 August 2011 at which time we advised that your Article 14(2)(b)(ii) response was being assessed.

I appreciate your understanding in relation to the current resourcing demands on the Agency, and I also appreciate your concern at the fact that the processing of your waste licence review application has not, as yet, been completed.

I can advise that your application for a review of your waste licence is being actively assessed. Apart from the information contained in your application, the Agency is also considering the 57 submissions made by third parties with an interest in your waste licence review application. It is likely that the process to assess your application and the submission received will not be completed before early 2012, however, we will endeavour to complete the process earlier, if at all possible.

If you have any other queries in relation to your application, please feel free to contact the relevant licensing inspector, Mr Brian Meaney on 053-9160652, or email, b.meaney@epa.ie.

Yours sincerely,

Laura Burke
Director Office of Licensing, Climate & Resource Use
