

# Objection Submission

**Subject:** Objection to Waste Licence Application 140-04 in respect of Nurendale Limited trading as Panda Waste Services Limited at Rathdrinagh Beauparc, Navan, Co. Meath

**Objection Summary:**

I, the undersigned, object to the proposals outlined in licence application 140-04 and subsequent amendments including construction and operation of a Dry Fermentation building (Shed 4), Refuses Derived Fuel (RDF) processes (Shed 3), Bio-mass furnace, associated gas production processes, Combined Heat and Power (CHP) generators and ancillary works at Rathdrinagh, Beauparc, Co. Meath.

The following are a brief outline of some of the reasons for the objections:

Introduction of unproven technology using high risk feedstock i.e. contaminated municipal solid waste, propagating potential infects diseases and resulting outbreak risk, in an unsuitable agricultural location, posing significant risks to food quality, farm incomes, Irish food exports and the health and safety of the local community.

Hazardous uncontrolled Biomass furnace potentially releasing carcinogenetic Dioxins, VOCs, fine particle matter/ash and other toxic emissions, for which planning permission has not been granted.

Impacts on air and water quality, including pollution of adjacent Lougher river and Boyne river down steam. Damage to key salmon and sea trout spawning beds, impacts on the sensitive Boyne valley eco-system and tourism at the nearby Newgrange visitor centre.

Fire and explosion risks associated with bio gas production. Increased traffic hazard risks, odour pollution, noise pollution, litter, pests and impact on visual amenities.

**Request:** I, the undersigned, request that the Environmental Protection Agency refuse licence application reference 140-04 from Panda Waste Services Limited.
