16<sup>th</sup> December 2011

Waste Licence Application Register No. : **W0271-01**

Dear Sir/Madam,

In response to the notice in accordance with Article 14(2)(b)(ii) of the Waste Management(Licensing) Regulations received from Mr Stuart Huskisson on 24<sup>th</sup> October 2011, please find attached the following information:

**Article 12 Compliance Requirements**

- 1) Confirmation of the agreement with Atlantic Fuel Supply Company to connect and discharge treated sanitary effluent to their effluent pipeline.
- 2) A letter from the General Manager of Mr Binman & Greenport Environmental Ltd. regarding the the likelihood of meeting any financial commitments or liabilities that will be entered into or incurred in carrying on the activity to which the application relates or in consequence of ceasing to carry on the activity.

**Article 13 Compliance Requirements**

There are no updates necessary in the EIS documents having regard to the information requested under 'Article 12 Compliance Requirements' above.

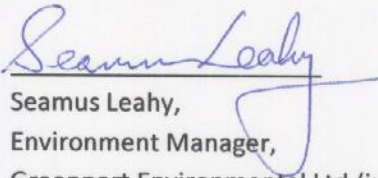

The information supplied does not impinge on the non-technical summary or drawings submitted.

**To:** Seamus Leahy

**Subject:** Re: Greenport Environmental/AFSC agreement

Seamus,

I have got board approval to proceed subject to legal review of the agreement by our solicitors and that Mr. Binman agrees to pay for these costs. I presume that you are OK with this?  
Could you please send me again the consent agreement and I will forward to our solicitors. They have advised that their fee for this review should be no more that €2,000.

Regards,

Chris

Chris,

Further to your last e-mail below, would you have an update on the agreement which was to be approved at your board meeting on December 8<sup>th</sup>?

Kind regards,

Seamus Leahy,  
Group Environment Manager,  
Mr. Binman,  
Luddenmore,  
Grange,  
Kilmallock,  
Co. Limerick

4<sup>th</sup> November, 2011

Waste Licence Application Register No. : **W0271-01**

**Re: Notice under Article 14(2)(b)(ii) of the Waste Management(Licensing) Regulations**

Dear Sir/Madam,

In response to the notice in accordance with Article 14(2)(b)(ii) of the Waste Management(Licensing) Regulations received from Mr Stuart Huskisson on 24<sup>th</sup> October 2011, please find updated information related to financial commitments or liabilities.

As you may be aware, Mr Binman Group (including Greenport Environmental Ltd) was placed into receivership on Thursday 27<sup>th</sup> October, 2011, subsequent to receipt of your notice. Bank of Scotland (Ireland) have appointed receivers Padraic Monaghan and Kieran Wallace, KPMG, to operate the business in the interim and sell the business as a going concern. I was appointed by the Receivers, as General Manager to the Mr Binman Group.

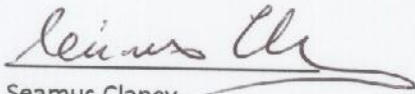

If the Greenport Environmental development is to proceed in Foynes, the Greenport Environmental facility will be developed as an AD/Composting facility by any new owners of the company following the receivership process. Having the Waste Licence in place for the development will be important in securing new owners as it is a condition of planning that the facility development can only commence once the Waste licence is in place.

If the facility is purchased by new owners and developed, it is likely to operate as a viable business and is likely to be in a position to meet any financial commitments or liabilities that will be entered into or incurred in carrying on the activity to which the application relates or in consequence of ceasing to carry

out that activity as the facility operation. The company will receive income primarily from gate fees and feed-in tariffs received from electricity generated and delivered to the national grid.

Should the Agency require further commitment in this regard, Greenport Environmental Ltd (under receivership) is requesting an open ended extension to the timeline for providing further information in this regard until such time as a new owner for the company is in place following the receivership process.

Yours sincerely,

Seamus Clancy,

General Manager,

Mr Binman & Greenport Environmental Ltd. (under receivership),

Luddenmore,

Grange,

Kilmallock,

Co. Limerick.
