Re: Waste Licence Application Register Number W0274-01

Dear Sir / Madam,

On the 25th of October I provide a response to Article 14(21(b)(ii) of the Waste Management (Licensing Regulations 2004, as amended). I note that this response provided has not been posted to the online document register.

Can you clarify if there is any reason why this document has not been placed on the register? In addition, with the recent announcement from the Department of Communications, Energy and Natural Resources on renewable energy feed in tariffs for anaerobic digestion plants we are anxious that this application progresses to final decision as quickly as possible. In this regard please advise if you require any additional information. If necessary, we are available to meet with you to discuss the application.

I look forward to hearing from you

Yours sincerely

Kevin Flynn
