

Memo

DATE: 13th September 2011
TO: Joe Reilly, Programme Officer, ELP
FROM: Emer Cooney
SUBJECT / LICENSEE: W0192-03 Rilta Environmental TA request

I refer to the request for a technical amendment received from Rilta Environmental Limited on 12th August 2011. The request for the proposed change was initially submitted to OEE and was refused on the grounds that it could not be accommodated under the terms of the licence (W0192-03/gc08lm dated 05/08/2011). Following consultation with David Flynn, Manager, Regional Enforcement, North-East Region, I wish to inform you that OEE has no objection to the requested amendment and has no further comment.
