Introduction

Dear Applicant

I refer to your application for a waste water discharge licence relating to agglomeration named Mallow.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with Regulation 16 of the Waste Water Discharge (Authorisation) Regulations 2007, as amended.

You are therefore requested, in accordance with Regulation 18(3)(b) of the regulations, to take the steps to supply the information detailed below:

REGULATION 16 COMPLIANCE REQUIREMENTS

Question	Name of Associated Documents
Please revise, if and where necessary, the Natura Impact Statement to take account of leachate acceptance at the WWTP, as proposed in the application. Alternatively, please indicate if leachate acceptance is no longer proposed to take place.	

Closing Section

Please note that this correspondence supercedes previous correspondence issued on 13th July 2012. Your reply to this notice should include a revised non-technical summary which reflects the information you supply in compliance with the notice, insofar as that information impinges on the non-technical summary.

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted, provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Please supply the information by 14/09/2012. Please note that all maps/drawings should not exceed A3 in size.

Please direct any queries that you may have in relation to the above to the Inspector Sean Donoghue or to OCLR Admin Team E.

Yours sincerely
