Subject: Application for funding under STRIVE

Mr Frank Clinton,

Waterford County Council propose to make application to the EPA for funding under the research programme for the period 2007-2013 Science, Technology, Research and Innovation for the Environment (STRIVE) in respect of works carried out on the use of an Integrated Constructed Wetland (ICW) system for the treatment of Leachate from Dungarvan Landfill. I enclose herewith for your information a copy of the Progress report and proposed monitoring programme.

I would be obliged if you could forward to me details as to how such a funding application could be made and any information which would be of help in accessing such funding for our project.

Regards
L O Brien
Environment Dept.
Waterford County Council
