**Response to item 12 of letter dated 12<sup>th</sup> January 2012 re: Notice in accordance with Article 14(2)(b)(ii) of the Waste Management (Licensing) Regulations.**

Dear Mr Meaney,

Further to your letter dated 12<sup>th</sup> January 2012 concerning Article 14(2)(b)(ii) of the regulations, my client now wishes to submit the following information in relation to item 12 of same letter.

The Further information item requested was as follows:

***12 State whether planning permission is in place or is required for all proposed developments and activities that are currently before the Agency – for example, but not limited to:***

- I. Proposed increase in waste acceptance to 35,000 tonnes per annum; and***
- II. Installation of new WEEE processing equipment and associated dust emission point.***

ENVIROCO Management Ltd received a letter on the 20<sup>th</sup> February 2012 from Offaly County Council confirming that a 'planning application together with an Environmental Impact Statement (EIS) is required' for the proposal detailed in I and II above.

Therefore, after considerable work and preparation, a full planning application together with a NIS and EIS was submitted to the planning section of Offaly County Council on the 5<sup>th</sup> October 2012 in order to address item 12 above.

I enclose one original and one copy of the EIS as submitted with the aforementioned planning application and 16 copies on CDROM as requested by you on the 22<sup>nd</sup> February 2012 via e-mail.

**Please note that this planning application is in process of validation with Offaly County Council at present and a validation letter is expected in the coming few days.**

If you have any questions, please do not hesitate to contact me.

Yours Sincerely,

Niall Nally
