

## Licensing Action - Reg 18(3)(b) Notice Sent - 3 for Dunmanway Licence (D0160-01)

**Licence:** Dunmanway (D0160-01)

**Status Reason:** Open

**Issued On:** 11/04/2013

**Due Date:** 26/04/2013

**Action Type:** Licensing Action

**Status History Action:** Reg 18(3)(b) Notice Sent

Dear Applicant

I refer to your application for a waste water discharge licence relating to agglomeration named Dunmanway.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with Regulation 16 of the Waste Water Discharge (Authorisation) Regulations 2007, as amended.

You are therefore requested, in accordance with Regulation 18(3)(b) of the regulations, to take the steps to supply the information detailed below:

### REGULATION 16 COMPLIANCE REQUIREMENTS

#### Question

Confirm that the new WWTP has been constructed in Dunmanway. Confirm the date that the WWTP was commissioned into operation.

#### Associated Documents

#### Question

Provide details on the type of treatment provided in the new WWTP, to include the standards to which it treats the effluent, in particular the standards for BOD, COD, suspended solids, orthophosphate and ammonia.

#### Associated Documents

#### Question

Clarify if the primary discharge point has been relocated as part of the improvement works. If yes, revise Table D.1(i)(a) 'Emissions to Surface/Ground Waters) Primary Discharge' of the application form.

#### Associated Documents

#### Question

Confirm the current population equivalent load to the WWTP and the design population equivalent of the new WWTP.

#### Associated Documents

<p><b>Question</b></p>	<p>Confirm if the new pumping stations have been constructed as part of the upgrade works. If yes, are there emergency overflows from the pumping stations?</p>
<p><b>Associated Documents</b></p>	
<p><b>Question</b></p>	<p>Confirm the number and locations of stormwater overflows within the agglomeration. Complete Table D.1.(iii)(a) of the application form accordingly.</p>
<p><b>Associated Documents</b></p>	
<p><b>Question</b></p>	<p>Provide an up to date drawing showing the agglomeration boundary, WWTP location, pumping station locations, discharge points, stormwater overflows and upstream and downstream ambient monitoring points.</p>
<p><b>Associated Documents</b></p>	
<p><b>Question</b></p>	<p>Provide the most recent effluent monitoring results for BOD, COD, suspended solids, orthophosphate and ammonia from the primary discharge in the new WWTP .</p>
<p><b>Associated Documents</b></p>	
<p><b>Question</b></p>	<p>Provide the most recent ambient monitoring results upstream and downstream of the primary discharge from the new WWTP.</p>
<p><b>Associated Documents</b></p>	
<p><b>Question</b></p>	<p>Provide a revised non-technical summary which reflects the information you supply in compliance with this notice.</p>
<p><b>Associated Documents</b></p>	

Your reply to this notice should include a revised non-technical summary which reflects the information you supply in compliance with the notice, insofar as that information impinges on the non-technical summary.

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted, provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Please supply the information by 26/04/2013. Please note that all maps/drawings should not exceed A3 in size.

Please direct any queries that you may have in relation to the above to the Inspector Suzanne Wylde or to OCLR Admin Team E.

Yours sincerely
