RE; P0914-01

Dear Sir/Madam

It is strange that you have screened this application for EIA and not for Appropriate Assessment under the Habitats Directive where the requirement is "is simply whether the plan or project concerned is capable of having an effect."

This development failed to apply for Substitute Consent and as there is no feasibility in law for post development consent this application must be refused forthwith

Kindly ensure that this development does not operate illegally this season.

Yours faithfully
