

OFFICE OF CLIMATE, LICENSING & RESOURCE USE

LICENSING PROGRAMME MEMORANDUM

TO:	Dara Lynott
FROM:	Jason McCann
DATE:	4 th April 2013
RE:	Technical amendments to applicable conditions for the control and management of organic fertiliser (manure/slurry)

Introduction

ELP and OEE presented a memo to the Board of the Agency in December 2011 which recommended changes to the control and management of organic fertiliser (manure/slurry) generated on licensable intensive agricultural installations. Following approval by the Board of the recommendation OEE wrote to all intensive agricultural licensees, letter dated 21st December 2011. The letter informing the licensees of the new controls and management of organic fertiliser at Integrated Pollution Prevention and Control (IPPC) licensed installations and went on to state that the controls and management were effective from 20th December 2011 and that IPPC licences for pig and poultry installations issued prior to December 2011 would be technically amended to reflect the new controls and management.

During 2012 the Agency has included conditions which reflect the controls and management of organic fertiliser approved by the Board in December 2011 in licences issued.

Assessment

The amendments necessary are not considered to alter the character of the licence and the licence will continue to comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Acts, 1992 to 2012.

The following list of licenses (Table 1) have been amended to reflect the control and management of organic fertiliser approved by the Board in December 2011 and notified to all intensive agricultural licensees by letter dated 21st December 2011.

The licenses listed below shall be technically amended in accordance with Section 96(1)(c) of the Environmental Protection Agency Acts, 1992 to 2012.

Table 1 List of Licenses

Reg No.	Licensee
P0259-01	Mr Thomas A. Norton
P0262-01	Macroom Mills Farm Limited
P0312-01	Rosderra Farms
P0374-01	Mr. Conor O' Brien

P0383-01	Clondrisse Pig Farm
