Johnstown Castle Estate
Co Wexford

10th April 2013

RE: KMK Metals Recycling Ltd. (KMK)
Waste licence ref: W0113-04

Dear Mr Meaney,

Further to your letter dated 9th April 2013, I now on behalf of KMK wish to respond as follows;

A summary table of the interactions of the impacts was prepared as part of the EIS document. Unfortunately, during the document conversion from word to pdf, the format of the table changed to portrait. This regrettable formatting error resulted in a blank table being printed. The correct format is landscape and the correct reference Table 12.8.1 (not table 13.1 as quoted on page 188 of the EIS) is hereby attached to this response.

Please note that this table functions as a summary interactions matrix table of impacts versus receptors and that the actual impacts, effects and mitigation measures are fully presented in all previous chapters of the EIS as submitted. Therefore the submission of the blank table in error is not considered a substantial deficiency of information within the EIS.

I therefore enclose one original and seventeen hard copy responses as required.

If you have any questions, please do not hesitate to contact me.

Yours Sincerely,

Niall Nally
Senior Environmental Consultant

Cc Kurt M Kyck, KMK Metals Ltd, Cappincur Industrial Estate, Tullamore, Co Offaly.

Table 12.8.1 Interactions of the Foregoing
