Re: W0282-01 Request for Extension to Deadline for Submission of Further Information

To whom it may concern,

On behalf of Glanpower Ltd., I wish to advise the EPA of our response to the Agency notice dated 18th April 2013, regarding the current application for a waste licence (ref. no. W0282-01). Glanpower has engaged PM Group as environmental consultants to assist in the preparation and submission of our full response to all requests for further information.

Based on the scope of work necessary to complete our response to all matters raised in the Agency notice, Glanpower Ltd. requests an extension of one month to the 11th July 2013 to ensure all matters are comprehensively addressed and documented. This request has also been advised in earlier e-mail and telephone communications between PM Group and Mr. John McEntaggart, Inspector, Office of Climate, Licensing & Resource Use.

I trust the above meets with your approval, but if you require any further information, please do not hesitate to contact me.

Yours sincerely,

Raphael McEvoy MSc.
Managing Director
