Dear Mr. Clune

I refer to your correspondence dated 15/10/2012 received by the Agency on the 16/10/2012 in relation to a request for a technical amendment to Condition 3.19 of Waste Licence Reg. No. W0208-01.

I am to inform you that the proposed change cannot be accommodated under Condition 1.5 of your licence. A Technical Amendment (Section 96(1) of the EPA Acts/Section 42(B) (1) of the Waste Management Acts (WMA)) or a Review of your licence (Section 90(1) of the EPA Act/Section 46(8) of the WMA) will be required to provide for the proposed changes.

Further consideration of your request is a matter for the Agency's Environmental Licensing Programme (ELP) and I note that you have submitted a copy of your correspondence to the ELP.

If the alteration is considered to be a significant change and cannot be accommodated by a Technical Amendment, the ELP will notify you of the process for applying for a Review.

Please quote the above reference in any future correspondence in relation to this matter.

Yours sincerely

Niall Horgan  
Inspector  
Office of Environmental Enforcement
