TECHNICAL AMENDMENT A
TO
WASTE LICENCE

Licence Register Number:	W0033-01
Licensee:	Drogheda Borough Council (formerly Corporation of Drogheda)
Location of Facility:	Collon Road, Mell, Drogheda, County Louth

Reasons for the Decision

The Environmental Protection Agency has examined the terms of the Waste Licence Reg. No. W0033-01 granted on 30 December 1999, as required by the provisions of Article 12 of the European Communities Environmental Objectives (Groundwater) Regulations 2010, as amended and determined that the licence can be brought into conformity with the provisions and requirements of said regulations by the exercise of the powers conferred by Section 42B(1)(c) of the Waste Management Acts 1996 to 2013.

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of licence Reg. No. W0033-01 granted on 30 December 1999 as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 40(4) of the Waste Management Acts 1996 to 2013.

Technical Amendment

In pursuance of the powers conferred on it by Sections 42B(1)(b) (in relation to amendment of Condition 1.2) and 42B(1)(c) (in relation to all other amendments herein) of the Waste Management Acts 1996 to 2013, the Agency amends the licence, granted to Drogheda Borough Council (formerly Corporation of Drogheda), Fair Street, Drogheda, County Louth, for an installation located at Colon Road, Mell, Drogheda, County Louth.

Henceforth, the licence shall be read in conjunction with the amendments set out below.

This technical amendment is limited to the following:

Glossary of Terms
Conditions 1 and 9

Amendments

Glossary of Terms

Insert the following terms in the Glossary of Terms:

Compliance Point The point (location, depth) at which a compliance value should be met. Generally it is represented by a borehole or monitoring well from which representative groundwater samples can be obtained.

Compliance Value The concentration of a substance and associated compliance regime that, when not exceeded at the compliance point, will prevent pollution and/or achieve water quality objectives at the receptor.

Amend the following term in the Glossary of Terms:

Incident The following shall constitute as incident for the purposes of this licence:

- (i) an emergency;
- (ii) any emission which does not comply with the requirements of this licence;
- (iii) any exceedance of the daily duty capacity of the waste handling equipment;
- (iv) any trigger level specified in this licence which is attained or exceeded;
- (v) any compliance value specified in this licence which is attained or exceeded; and,
- (vi) any indication that environmental pollution has, or may have, taken place.

Amend the Glossary of Terms to include the above.

Conditions of Licence

- 1.2 For the purposes of this licence, the facility authorised by this licence is the area of land outlined in a broken purple line (referred to in the legend as “Proposed Waste Licence Boundary”) on Drawing No. IBR0275/109, Rev 0, entitled “Proposed Waste Licence Boundary”, dated August 2011 and provided in correspondence to the Agency dated 9 September 2011. Any reference in this licence to “facility” shall mean the area thus outlined in purple. The licensed activities shall be carried on only within the area outlined.

Delete Condition 1.2 of the existing licence and replace with the above condition.

- 9.14 Within eighteen months of the date of this technical amendment, the licensee shall carry out a risk screening and where necessary a technical assessment in accordance with the *Guidance on the Authorisation of Discharges to Groundwater*, published by the Environmental Protection Agency. A report on the outcome of the screening and where relevant the recommendations of the technical assessment in relation to the setting of groundwater compliance points and values, shall be included in the next AER. Any actions required to demonstrate compliance with the European Communities Environmental Objectives (Groundwater) Regulations 2010, as amended shall be agreed by the Agency and implemented before 22 December 2015. Groundwater monitoring results shall be submitted annually or as required in the Schedules to this licence.

To be inserted after Condition 9.13 of the existing licence.

This technical amendment shall be cited as Amendment A (in pursuance of Section 42B(1) of the Waste Management Acts 1996 to 2013) to Waste Licence Register Number W0033-01.

Sealed by the seal of the Agency on this the 18th day of June 2013

PRESENT when the seal of the Agency was affixed hereto:

Mary Turner, Authorised Person

Technical Amendment W0033-01/A
