<b>FROM:</b>	Michael Owens, Inspector
<b>DATE:</b>	3 September 2013
<b>RE:</b>	Request to withdraw Waste Licence Application Reg No. W0288-01 and refund request from Mr. Badri Ghaneddine (T/A Enviro Star Solutions).

An application for a waste licence was received from Mr. Badri Ghaneddine (T/A Enviro Star Solutions) on the 6 February 2013. The application relates to a proposed silver recovery facility at Unit 21, Greenouge Industrial Estate, Redzone 613, Rathcoole; Dublin.

In accordance with Article 21 of the Waste Management (Licensing) Regulations 2004, the applicant has requested in a letter dated 17 June 2013 a withdrawal of their licence application. The activity did not commence and there is no other existing activity at the location.

The applicant has also requested a full refund of the licence application fee.

**Recommendation**

I recommend that the Agency agrees to the withdrawal of the waste licence application Register No. W0288-01. In addition, I recommend the refunding of 50% of the application fee i.e., €5,000, this being the maximum possible under the Regulations.
