Subject: EPA - Information required

FAO: Mr Ivan Callaghan, Facility Manager.

Hi Ivan

Further to our earlier telephone conversation, I would be grateful if you would submit the following:

- Details on any changes to air emission points. Please include revised 12 digit grid references where relevant;
- Recent results of atmospheric emission monitoring;
- Results of air dispersion modelling of emissions, if any;
- Where dust deposition surveys were carried out in 2012, please advise as to whether heavy metals were measured in the collected dust samples at D1-D4;
- Where bag filters/other controls to mitigate air emissions are provided, please state type used, grid references and control equipment/procedure to monitor their performance.

If you have any queries, or need to discuss any aspect of the above, please contact me at **053-91-60600**.

All **hard copy correspondence** should be sent to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Johnstown Castle Estate, Co. Wexford.

Regards

Patrick Geoghegan
