Dear Applicant

I refer to your application for a waste water discharge licence relating to agglomeration named Belgooly.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with Regulation 16 of the Waste Water Discharge (Authorisation) Regulations 2007, as amended.

You are therefore requested, in accordance with Regulation 18(3)(b) of the regulations, to take the steps to supply the information detailed below.

For inspection purposes only.
Consent of copyright owner required for any other use.

REGULATION 16 COMPLIANCE REQUIREMENTS

Question

Please indicate the ammonia concentration which can be achieved in the effluent from the WWTP servicing the new network. Please also provide any relevant information on the reason why the design concentration may not have been achieved in recent times.

Associated Documents

Response

See attached response in relation to Belgooly licence application RI001453, 1454 and 1455. Regards, Gillian O'Sullivan Waste Water Liaison Cork Co. Council.

Associated Documents

Question

Please clarify whether the sewerage network servicing the four residences and commercial premises in the village centre, as described in the application, is in private ownership, or in the ownership of Cork County Council.

Associated Documents**Response**

See above response to RI001453. Regards, Gillian O'Sullivan Waste Water Liaison Cork Co. Council.

Associated Documents**Question**

Please provide detail of any plans, including timeframes, for ensuring that the currently untreated discharge from the old sewerage network in the village (designated as "Network 1" in the application) receives appropriate treatment prior to discharge.

Associated Documents**Response**

See above response to RI001453. Regards, Gillian O'Sullivan Waste Water Liaison Cork Co. Council.

Associated Documents

Your reply to this notice should include a revised non-technical summary which reflects the information you supply in compliance with the notice, insofar as that information impinges on the non-technical summary.

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted, provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Please supply the information by 03/11/2013. Please note that all maps/drawings should not exceed A3 in size.

Please direct any queries that you may have in relation to the above to the Inspector Sean O'Donoghue or to OCLR Admin Team D.

Yours sincerely
