Your Ref : W0280-01

Dear Sir/ Madam

**RE: ROADSTONE WOOD LIMITED : WASTE LICENCE APPLICATION
BROWNSWOOD INERT WASTE RECOVERY FACILITY
RESPONSE TO ARTICLE 12 COMPLIANCE REQUEST**

Further to your letter dated 6 November requesting submission of drawings showing revised waste licence application boundary incorporating the existing settlement tanks for the wheel wash run-off, please find enclosed 2 No. revised copies (at A3 size) of each of the following drawings included in the previously submitted Environmental Impact Statement and Waste Licence Application:

Environmental Impact Statement

- Figure NTS 2 Site Infrastructure Layout
- Figure 1-2 Site Location / Site Notice
- Figure 1-3 Site Folios and surrounding Land Use
- Figure 2-1 Existing Site Layout
- Figure 2-2 Site Infrastructure Layout
- Figure 2-3 Site Utilities Layout
- Figure 2-4 Restoration Surface
- Figure 2-6 Environmental Monitoring Locations

Waste Licence Application Form

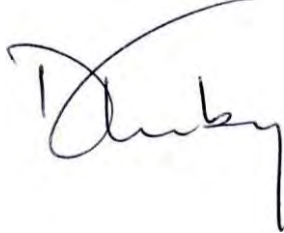

- Figure B2-2 Site Location Map
- Figure B2-3 Site Utilities Layout
- Figure B2-4 Restoration Surface

Other than the need to update the infrastructure drawing (Figure NTS 2) , it is considered that the amended waste licence boundary is not of such significance as to require revision of information presented in the non-technical summary submitted in the EIS and waste licence application form.

As requested, we have also provided a drawing issue sheet and 16 No. electronic copies of the revised drawings (in.pdf format) on CD-ROM.

We trust that the revised drawings adequately address the requirements of your Article 12 compliance request and trust that you will shortly be in a position to issue a proposed decision on the waste licence application.

Yours sincerely
SLR Consulting Ireland

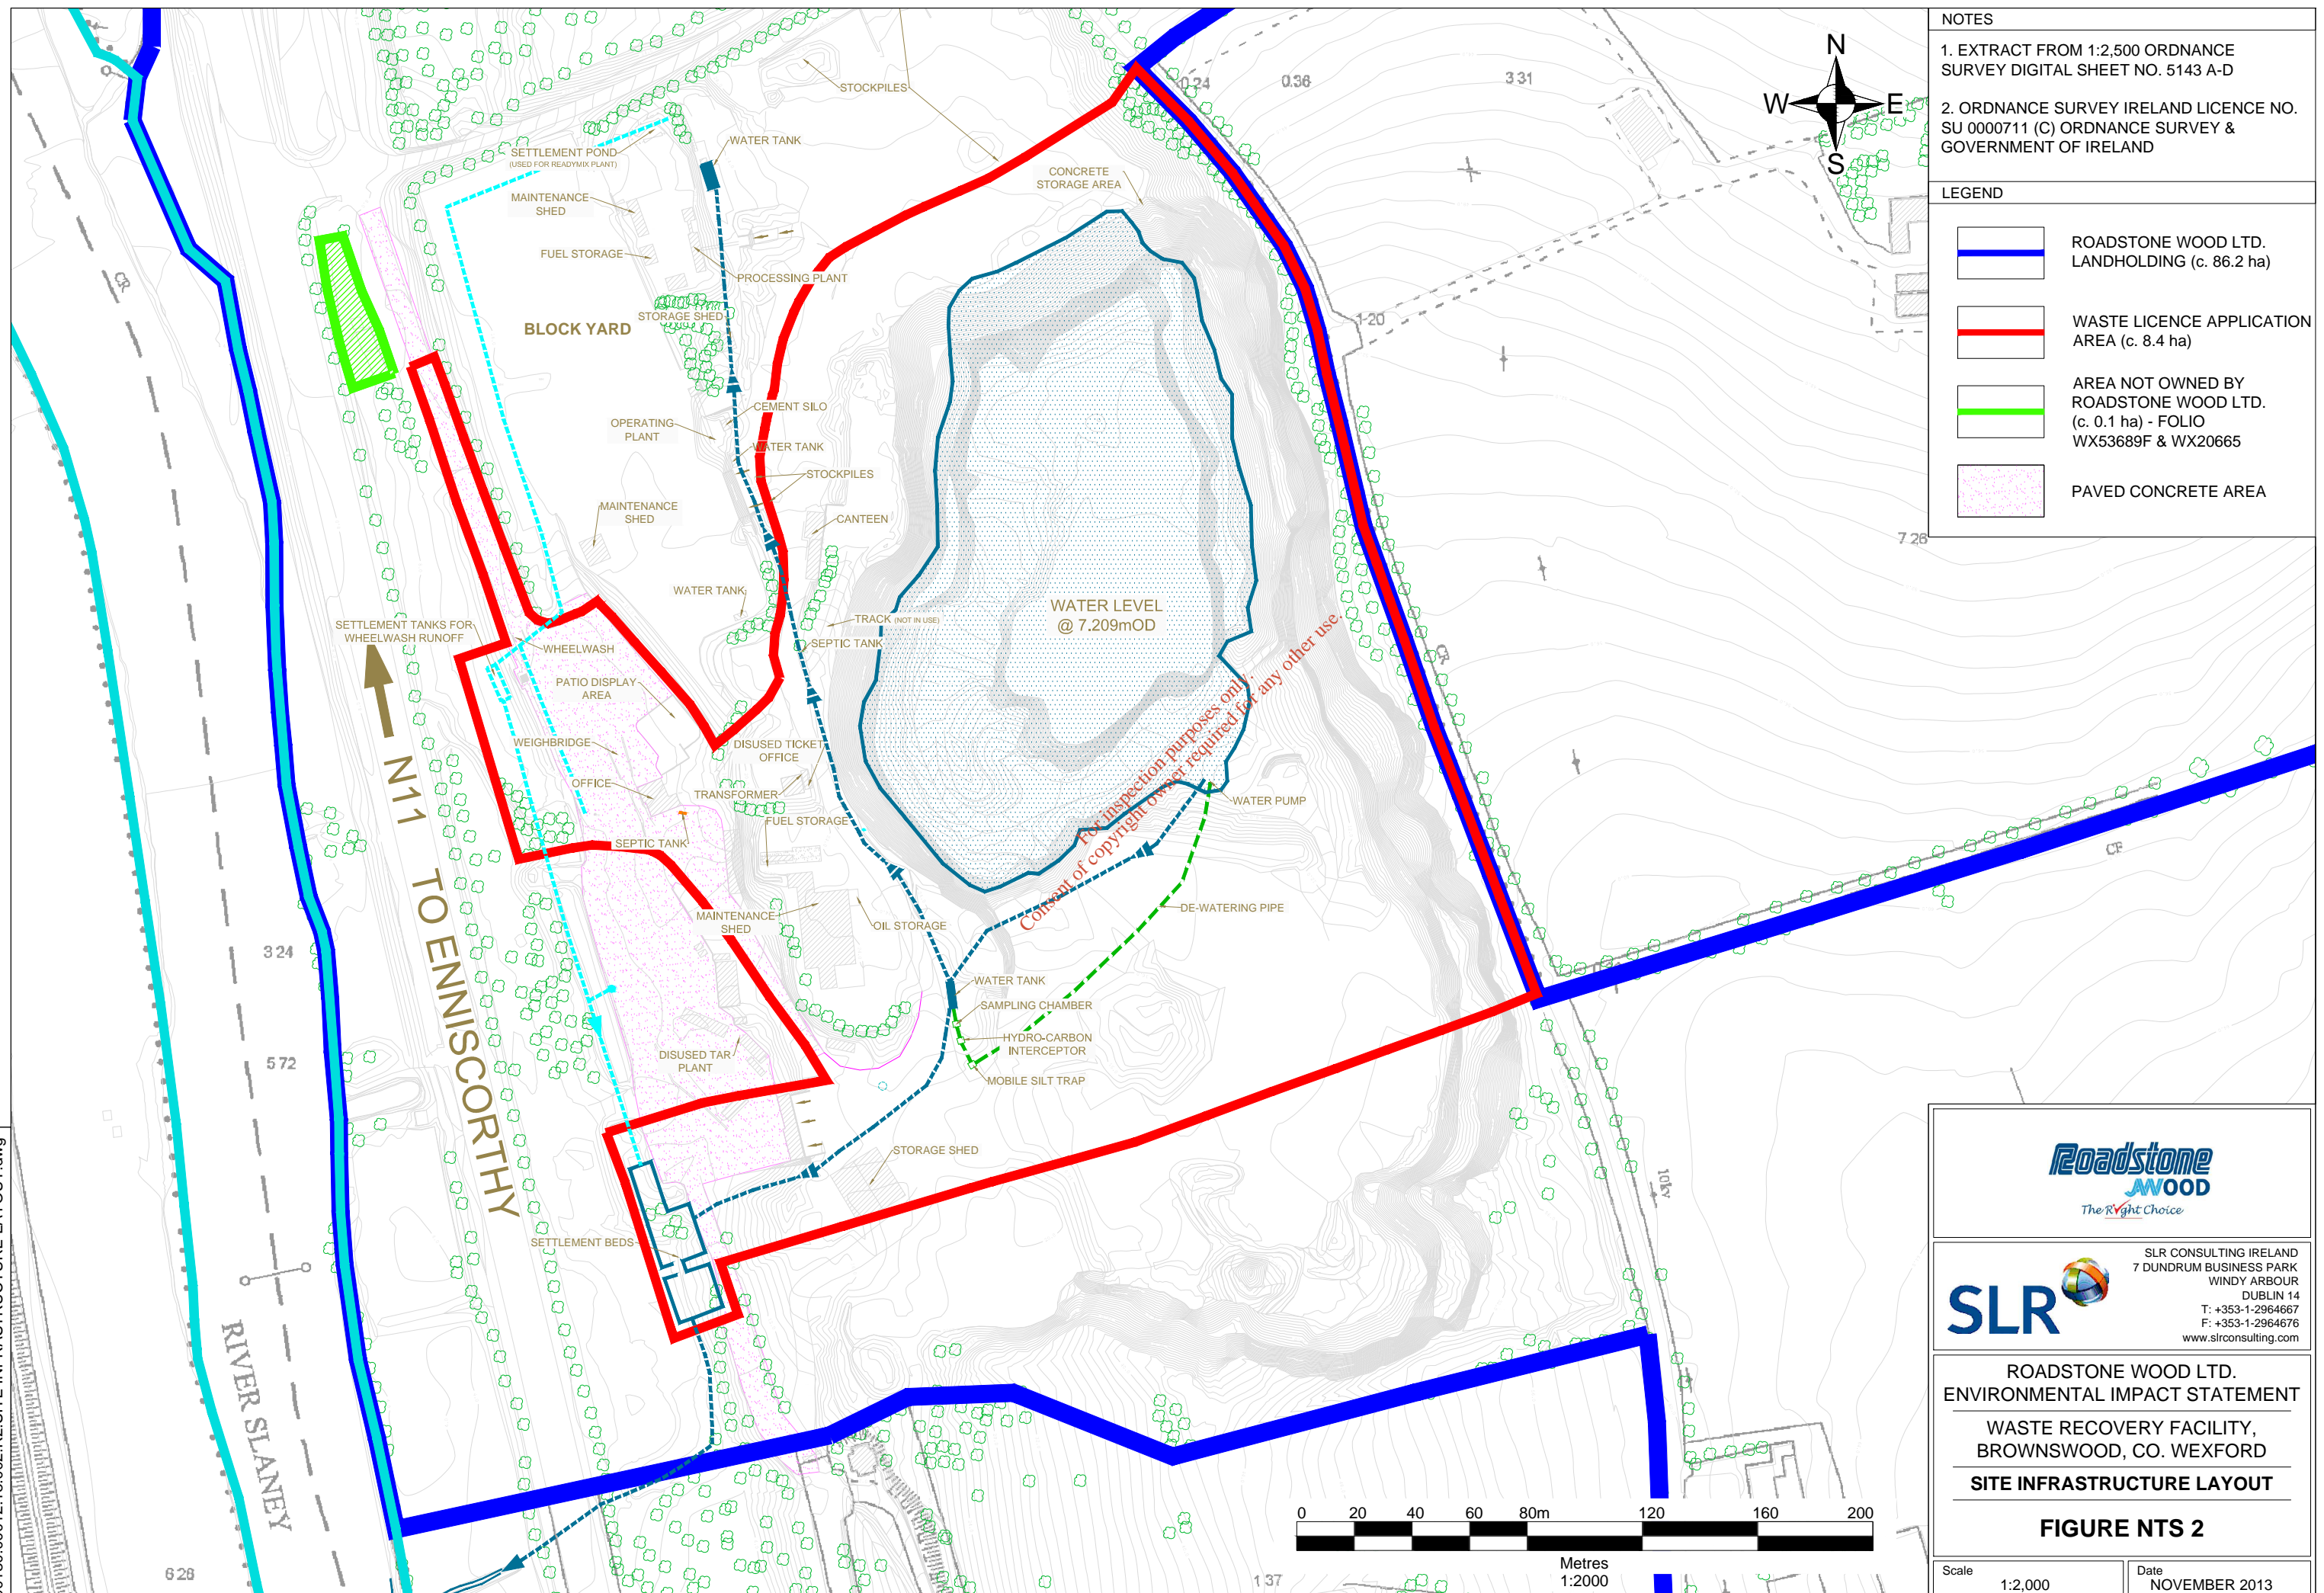

Derek Luby
Technical Director

cc Daniel Long / Ronan Griffin (Roadstone Wood)
