 Office of Climate, Licensing and Resource Use,
 Environmental Protection Agency,
 Johnstown Castle,
 Wexford.

8th January 2013.

Our Ref: MCE0734LT00024
 File Ref: 300

Re: EAST TIP REMEDIATION – WASTE LICENCE APPLICATION - W0289-01

Dear Mr Meaney,

We refer to the above application and our correspondence dated 12th & 13th December 2013 regarding three errors made in the site notice and newspaper notice, that have since been rectified.

We refer specifically to the first error regarding incorrect National Grid Reference coordinates for the site location and would like to notify the Agency that Attachment B1 (page 29) of the Waste Licence Application refers to the incorrect National Grid Reference coordinates and should be updated to state the correct coordinates, which are E179740.23, N65356.73. (Drawing DG1003 'Location Map' provided in Attachment B2 of the Waste Licence Application indicates the correct coordinates.) Also, the original newspaper notice in Attachment B6 should be replaced with the revised original newspaper notice included in our correspondence dated the 13th December, 2013.

Please do not hesitate to contact me, should you have any queries on the above.

Yours sincerely,

Cathriona Cahill
 For and on behalf of RPS
