Section 82A(11) Amendment
to
Industrial Emissions Licence

Licence Register Number:	P0175-02
Licensee:	Queally Pig Slaughtering Limited
Location of Installation:	Grannagh Kilkenny Kilkenny

Reason for the Decision

The Environmental Protection Agency has examined the terms of Licence Reg. No. P0175-02 as required by the provisions of Section 82A(8)(a) of the Environmental Protection Agency Act 1992 as amended, and determined that the licence can be brought into conformity with the provisions and requirements of Council Directive 2010/75/EU by the exercise of the powers conferred by Section 82A(11) of the Environmental Protection Agency Act 1992 as amended.

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. P0175-02, granted on 27/04/2012, any amendments made to date, as well as any amendments noted herein, the carrying on of the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

Amendment

In pursuance of the powers conferred on it by Section 82A(11) of the Environmental Protection Agency Act 1992 as amended, the Agency hereby amends Licence Reg. No. P0175-02, granted to Queally Pig Slaughtering Limited, Grannagh, Kilkenny, Kilkenny.

Henceforth, the licence shall be read in conjunction with any other amendment made to the licence and the amendments set out below.

From the date of this amendment, Licence Reg. No. P0175-02 shall be deemed to be an Industrial Emissions Licence, granted under Part IV of the Environmental Protection Agency Act 1992 as amended.

This amendment is limited to the following Glossary of Terms or Interpretation, Conditions and Schedules of Licence Reg. No. P0175-02:

Amendments

Amend Glossary of Terms or the Interpretation as follows

To be inserted into the Glossary or the Interpretation of the existing licence or where relevant replace the existing term.

BAT conclusions	A document containing the parts of a BAT reference document laying down the conclusions on best available techniques, their description, information to assess their applicability, the emission levels associated with the best available techniques, associated monitoring, associated consumption levels and, where appropriate, relevant site remediation measures.
BAT reference document	A document drawn up by the Commission of the European Union in accordance with Article 13 of the Industrial Emissions Directive, resulting from the exchange of information in accordance with that Article of that Directive and describing, in particular, applied techniques, present emissions and consumption levels, techniques considered for the determination of best available techniques as well as BAT conclusions and any emerging techniques.
Groundwater	Has the meaning assigned to it by Regulation 3 of the European Communities Environmental Objectives (Groundwater) Regulations 2010 (S.I. No. 9 of 2010).
Industrial Emissions Directive	Industrial Emissions Directive means Directive 2010/75/EU of the European Parliament and of the Council of 24 November 2010 on industrial emissions (integrated pollution prevention and control) (Recast).
Waste	Any substance or object which the holder discards or intends or is required to discard.

Amend the 'Schedule of Activities Licensed' as follows:

The licensed activities are amended to be as follows:

- 7.4.1 The operation of slaughterhouses with a carcass production capacity greater than 50 tonnes per day.
- 7.8 (a) (i) The treatment and processing, other than exclusively packaging, of the following raw materials, whether previously processed or unprocessed, intended for the production of food or feed from: only animal raw materials (other than exclusively milk) with a finished product production capacity greater than 75 tonnes per day; For the purposes of clause (a), packaging shall not be included in the final weight of the product. Clause (a) shall not apply where the raw material is milk only.

New Conditions

Amend the licence to insert the following additional conditions at the end of Condition 2 of the licence:

- 2A The licensee shall notify the Agency, in a format as may be specified by the Agency, without delay after:
- (i) an incident or accident that significantly affects the environment, and/or
 - (ii) the occurrence of any breach of one or more of the conditions attached to this licence.
- 2B The licensee shall, where an incident or accident that significantly affects the environment occurs, without delay take measures to limit the environmental consequences of the incident or accident and to prevent further possible incident or accident.
- 2C The licensee shall, where a breach of one or more of the conditions of this licence occurs, without delay take measures to restore compliance with the conditions of this licence within the shortest possible time.
- 2D The licensee shall ensure that waste generated in the carrying on of the activity shall be prepared for re-use, recycling or recovery or, where that is not technically or economically possible, disposed of in a manner which will prevent or minimise any impact on the environment.

Reason: *To bring the licence into conformity with the requirements of the Industrial Emissions Directive.*

This amendment shall be cited as a Section 82A(11) Amendment and should be read in conjunction with Licence Reg. No. P0175-02, granted on 27/04/2012 and any other amendments made to the licence.

Sealed by the seal of the Agency on this the 23rd day of December, 2013

PRESENT when the seal of the Agency was affixed hereto:
