Dear Mr Clinton,

I refer to your letter of 27 August notifying us of the decision of the Board of the Agency with respect to the applications to transfer three Licences for the Greenstar landfills to AGB Landfill Holdings Limited.

I confirm that the Greenstar landfill companies continue to support the proposals to transfer the Licences to AGB Landfill Holdings Limited and would welcome a fresh consideration by the Agency of any further financial proposals submitted by AGB Landfill Holdings Limited.

I also confirm that the Greenstar landfill companies support the further assessment by the Agency of the licence transfer applications with respect to non-landfill activities.

Yours sincerely,
