Re: D0516-01 Ballycotton, Co. Cork

Notice in accordance with Regulation 20(1) of the Waste Water Discharge (Authorisation) Regulations 2007, as amended.

15th April 2014

Dear Mr. Ken Conroy,

I refer to your application for a waste water discharge licence relating to the Ballycotton agglomeration, Co. Cork, Reg. No. D0516-01.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with Regulation 16 of the Waste Water Discharge (Authorisation) Regulations 2007, as amended. You are therefore required, in accordance with Regulation 20(1) of the Regulations, to take steps to supply the information detailed below:

REGULATION 16 COMPLIANCE REQUIREMENTS

1. The report *Focus on Urban Waste Water Treatment in 2012* (EPA, 2014), states that the Ballycotton agglomeration had a population equivalent (p.e.) of 1,000 in 2012 based on returns made by Cork County Council. The waste water discharge licence application for the Ballycotton agglomeration was made in the 500 to 1,000 p.e. category, and an application fee of €10,000 was submitted.

Given that a projected p.e. increase greater than 1,000 p.e. is likely, the appropriate category of licence application for this agglomeration is the 1,001 to 2,000 p.e. category, which has an associated application fee of €15,000. You are therefore requested to submit an additional application fee of €5,000.

Please supply the additional application fee by 16th May 2014. Please direct any queries that you may have in relation to the above to Loretta Joyce at 01-2680100 or to OCLR Admin Team E.

Yours sincerely,

A handwritten signature in black ink that reads 'Loretta Joyce'.
