Dear Ms Coulter

I refer to your enquiry dated 7th March 2014 on behalf of the Recycling Village Ltd.

Having considered the information submitted on 3rd April 2014 (which included WFP MH 11 0005 01) Meath Co Council considers that the proposed development which mirrors the activity licensed under the waste facility permit , with a maximum intake of not more than 15,000 tonnes, does not require a mandatory EIA. Furthermore the Council, is satisfied that the proposed development would not be likely to have significant effects on the environment and thus it is also determined that a sub threshold EIA is not required.

On a separate matter , the Recycling village should also satisfy itself that the use of the building for the purposes outlined is in accordance with the extant planning permissions on site.
