

Irish Water,  
Colvill House,  
24/26 Talbot Street,  
Dublin 1

23/05/2014

Dear Sir or Madam

I refer to your application for waste water discharge licence for the agglomeration named Castlemartyr, Co. Cork (D0134-01).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 (S.I. No. 477 of 2011) that the Agency has made a determination that an Appropriate Assessment is not required as the project, individually or in combination with other plans or projects, is not likely to have a significant effect on a European site(s).

The Appropriate Assessment Screening Determination is available to view below this notice. Please direct any queries that you may have in relation to the above to Michael Martin at 053-9160600 or to OCLR Admin Team E.

Yours sincerely

Michael Martin,  
**Environmental Licensing Programme,**

## Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations, 2011, S.I. No. 477 of 2011, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on European Sites. In this context, particular attention was paid to the European Sites listed below.

### Licence/Permit Application Details:

<b>Reg. No.</b>	D0134-01
<b>Applicant Name:</b>	Irish Water
<b>Location of Agglomeration:</b>	Castlemartyr, Co. Cork
<b>Licence / Permit Application Date:</b>	22/09/2008
<b>European Site(s) assessed:</b>	Ballymacoda Bay SPA (Site Code:004023) Ballymacoda (Clonpriest Pillmore) SAC (Site Code: 00077)
<b>Date of AA Screening Determination:</b>	23/05/2014

### AA Screening Determination:

That the activity is not directly connected with or necessary to the management of those sites as European Sites and that it can be excluded on the basis of objective scientific information, that the activity, individually or in combination with other plans or projects, will have a significant effect on a European site, and accordingly the Agency determined that an Appropriate Assessment of the activity is not required.

This determination is based on the quality of discharge to water from the IPPC installation and WWTP's, the dilution available in the receiving waters and the quality of water upstream of the SAC and SPA.

Date: 23/05/2014
