Subject: DOK Quarrystone

Dear Michael & Patrick,

Further to your telephone conversation with Donal O'Keeffe of DOK Quarrystone today I can confirm that Donal has requested a pre-planning meeting with Tipperary County Council to discuss an application to extend the footprint of the Quarry. Such an application would require an EIS which could also form part of the required response to the Waste Licence Application. Donal hopes to have a completed EIS reverting to the EPA before Sep 1st next, along with the additional information requested by the EPA.

To this end I would appreciate if you would respond to indicate if this is satisfactory in light of the EPAs recent correspondence requesting our urgent attention on the matter.

Regards,

Muiris
