**Notification of request to alter Planning Application Ref No. 17.PA0026 (Indaver Ireland Limited)**

Dear Mr Somers

I refer to your letter received 17<sup>th</sup> June 2014 requesting the Agency to confirm whether the Industrial Emissions (IE) licence associated with the above referenced site will need to be reviewed to accommodate the development proposed in Planning Application reference No: 17.PM0004.

The Industrial Emissions (IE) Licence for Indaver Ireland Limited is currently under review (Register No: W0167-03). The licence review application and an EIS were received on the 23<sup>rd</sup> April 2012 and may be viewed on the Agency's website [www.epa.ie](http://www.epa.ie). Please note that while a waste licence application was made in the first instance, the proposed activity is now an Industrial Emissions Directive (IED) activity under the EPA Act and the application will therefore be processed under the IE licensing regime.

As outlined in our previous letter to An Bord Pleanála, dated 1st August 2012, in relation to planning application 17.PA0026, the licence review application W0167-03 was originally made for an increase in annual throughput of waste to 220,000 tonnes per annum. It is noted that the alteration to which planning application 17.PM0004 refers seeks to increase the waste throughput to 235,000 tonnes per annum. The applicant has informed the Agency of this proposed tonnage increase and that increase will be considered as part of the current licence review application.

The proposed alteration does not substantially change the comments made by the Agency on the 1st August 2012 in relation to planning application 17.PA0026.

Yours sincerely,

*Pamela McDonnell*

**Re:** Request to alter Condition no. 3 of Permission Reference Number  
17.PA0026

Dear Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case which has been submitted to the Board under section 146B of the Planning and Development Act 2000, as amended. The proposed amendment relates to an approved proposed development which was granted permission under case reference number 17.PA0026.

In accordance with section 42 of the Waste Management Act 1996, as inserted by Article 7(1F) of the European Union (Environmental Impact Assessment) (Waste) Regulations 2012, you are requested to:

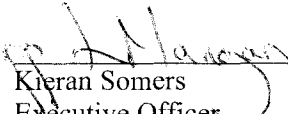

- (a) Confirm to the Board that the proposed development the subject of the application for permission is development comprising or for the purposes of an activity requiring a licence or a review of a license on the application, under section 40 of the Act.
- (b) If a license or a review of a license is required, you are also requested to submit to the Board observations you may have on the proposed amendment, including an update on the current licensing status of the facility.

Accordingly, any observations or response in relation to the proposed development should be received by the Board no later than 3 weeks from the date of this letter (i.e. no later than 5.30p.m. on the **4th July, 2014**).

If you have any queries in relation to the matter please contact the undersigned officer of the Board.

Please quote the above-mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

  
Kieran Somers  
Executive Officer
