The Agency has received your email submissions of 18/03/2014 and 23/04/2014, and the attached documents:

1. Letter of 18/04/2014 re: Revised ELRA & DMP for Greenclean Waste Management Limited (W0222-01);

3. Environmental Liability Risk Assessment (ELRA) Final Rev B of 23/04/2014, costed at €459,482.40.

The Agency has assessed these documents and I am to advise you that the DMP and ELRA as submitted are to the satisfaction of the Agency, contingent upon the following:

- The DMP and ELRA shall be reviewed in the event that the information upon which they are based changes, or as otherwise required by the Agency.
- Compliance with all conditions of the licence Reg. No. W0222-01.

Please note that agreement by the Agency of the DMP and ELRA costings does not constitute an acceptance on the part of the Agency that these costings constitute a description of all potential risks or liabilities or costs that may arise or materialise in relation to the facility but rather, constitute in the view of the Agency, a general assessment of risk and general estimate of costs, to inform the overall environmental management and understanding of the licensed site, and the putting in place of Financial Provision. Where additional costs arise relating to prevention or remediation of environmental pollution, these remain the responsibility of the licensee.

If you have any queries in relation to the above, please contact the undersigned on 01-2680100.

Yours sincerely,

Maeve O'Reilly
