

Re: Licence application W0260-01

Dear Mr Geoghegan,

With reference to your correspondence sent on the 28/02/2014 please find attached two hard copies of the Environmental Impact Statement (EIS) as requested along with supporting documents and CD containing two soft copies of the full EIS document and two soft copies of each section of the EIS document.

The supporting documents include the Site notice as erected, the newspaper notice which appeared in the Waterford News & Star paper published on the 12/08/2014, the letter which has been sent to Kilkenny County Council Planning Department and the CD containing the soft copies of the EIS.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Pat Murphy".

Pat Murphy

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A WASTE LICENCE

NOTICE IS HEREBY GIVEN in accordance with the provisions of the Waste Management Acts (1996-2013) and Articles 5 and 6 of the Waste Management (Licensing) Regulations 2004 (S.I. No. 395 of 2004) that CHI Environmental Ltd., Dunbrinn, Grannagh, Kilmacow, Co. Kilkenny, has applied to the Environmental Protection Agency for a Waste Licence (Ref. W0260-01). This is for their existing inert soil and stone recovery facility and inert construction and demolition materials recycling facility at The Quarry, Grannagh, Kilmacow, Co. Kilkenny, National Grid Reference 257881E, 114843N.

In accordance with Section 42(1)(b) of the Waste Management Acts (1996-2013), as inserted by the European Union (Environmental Impact Assessment) (Waste) Regulations 2013 (S.I. No. 505 of 2013), the Agency has requested the applicant to submit an Environmental Impact Statement (EIS), in support of the Waste Licence Application. The EIS will be submitted as part of the Waste Licence.

The works proposed under the Waste Licence involves the recovery of approximately 125,000 tonnes per annum of inert soil and stones for the purposes of restoring a former rock quarry to beneficial agricultural use, and for the importation and recycling of approximately 45,000 tonnes per annum of inert construction and demolition material for the purposes of re-sale as secondary (recycled) aggregate.

The relevant Waste Recovery Activities, as per the Fourth Schedule of the Waste Management Acts (1996-2013) and the Waste Management (Licensing) Regulations 2004 (S.I. No. 395 of 2004) to which this application relates are:

The Principle Activity to be carried out at the site:

Class R10: "Land Treatment resulting in benefit to agriculture or ecological improvement"

Other Activities to be carried out at the site:

Class R5: Recycling / reclamation of other inorganic materials, which includes soil cleaning resulting in recovery of the soil and recycling of inorganic construction materials

Class 13: Storage of waste pending any of the operations numbered R 1 to R12 (excluding temporary storage (being preliminary storage according to the definition of 'collection' in section 5(1)), pending collection, on the site where the waste is produced).

A copy of the Application for a Waste Licence, the Environmental Impact Statement and such further information relating to the Application that may be furnished to the Agency in the course of the Agency's consideration of the application will, as soon as practicable after receipt by the agency, be available for the inspection or purchase at the headquarters of the Agency, Johnstown Castle Estate, County Wexford.

Job start date will be immediate
