W02861-01

Dear Ms. Keavey,

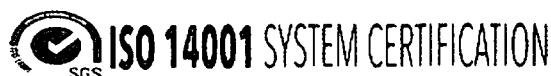

In response to the letter received from the Environmental Protection Agency, dated 13<sup>th</sup> August 2014, requesting further information in support of Industrial Emissions Licence Application W02861-01, please find enclosed:

- One signed original;
- One copy in hardcopy format; and
- Two copies of all files in electronic searchable PDF format on CD-ROM, of the requested review of the groundwater monitoring data and soil sampling results, and an updated non-technical summary reflecting the information provided.

The review of the groundwater monitoring data and soil sampling results was carried out by the appropriately qualified and experienced professionals of the environmental and waste management consultancy firm, Wood Environmental Management Ltd (WEML).

Yours Sincerely,

Noel Madden,  
Managing Director
