Re: Planning and Development Acts, 2000-2014

A Chara,

I wish to acknowledge receipt of your application for PERMISSION for (a) Instillation of 2 no. bio-filters; (b) development of truck intake air lock building; (c) development of a bring centre for domestic waste; (d) intensification of use of facility resulting in acceptance and processing of 40,000 tonnes per annum of material for composting and 20,000 tonnes per annum of general waste for recycling and recovery; and (e) all associated site works. The current use of the subject site is subject to a Waste Permit and this application relates to development which comprises and is for the purposes of an activity that would require an Industrial Emission License (the proposed activity would previously have required a Waste Licence but this requirement has been substituted by a requirement to obtain an Industrial Emission Licence by the European Union (Industrial Emissions) Regulations 2013). An Environmental Impact Statement has been prepared and submitted with this application at Ballintrane Fenagh Co. Carlow which was received on 26/08/2014 and to state that it is being examined by the Planning Section and is currently receiving attention.

Official receipt number 178678 in the sum of €4,153.87 is enclosed.

Mise le meas,

Suzanne Clowry
Authorised Officer
