RE: Submission of An Industrial Emissions Licence Review Application in respect of Powerstown Landfill

Dear Sir/Madam

Please find enclosed an Industrial Emissions (IE) Licence Review Application in respect of Powerstown Landfill. A cheque for €22,500 is enclosed. The fee is in respect of a review application for Class 11.5 > 40,000 < 100,000 tonnes per annum in accordance with the Environmental Protection Agency (Licensing Fees) Regulations 2013, S.I. No. 284 of 2013.

Carlow County Council (CCC) attended a pre-application meeting with Mr. Michael Owens in EPA headquarters on 27 August 2014.

CCC was granted approval from An Bord Pleanála in August 2012 for an extension to the lifetime of the facility from January 2012 to August 2018. Approval was also granted for the increase in maximum annual waste acceptance from 40,000 t to 50,000 t. An EIS and NIS were submitted with the planning application. The existing Industrial Emissions Discharge Licence W0025-03 allows a maximum annual intake of 40,000 t. The IE licence review application seeks an increase in tonnage from 40,000 tpa to 50,000 tpa. CCC is not seeking to increase the landfill footprint. No new infrastructure or construction is proposed.

The IE Licence Review Application consists of the following documents:

- IE Licence Review Application Form
- Attachments in Support of the IE Licence Review Application
- EIS (Volume 1 Non-Technical Summary, Volume 2 Main Document & Volume 3 Appendices)
- NIS

In accordance with the *Instructions for Licence Applications*, the following copies are being submitted in respect of each document:

Hardcopies: 1 signed original and 1 copy

Electronic copies: 2 copies of all files in electronic searchable PDF on CD ROM (OCR'd). I declare that the content of the electronic files on the accompanying CD-ROM is a true copy of the original application form.

The file naming system is as per the table attached to this letter.

Yours faithfully

for and on behalf of **Carlow County Council** Director of Services.
