Re: Objection to the proposed determination of the Agency on a licence review application by Indaver Ireland Limited, in respect of a facility at Carranstown, Duleek, County Meath, Reg No. W0167-03.

Dear Mr Mullins,

I refer to the application for a licence review by Indaver Ireland Limited, for their facility located at Carranstown, Duleek, County Meath, Reg. No. W0167-03, and in particular to your request for an oral hearing in relation to the objection(s) to the proposed determination.

I am to advise that, having considered your request, the Board of the Agency decided on 3<sup>rd</sup> March 2015 that it would not be appropriate in this case to hold an oral hearing.

The reasons for the decision not to hold an oral hearing are outlined in the attached Inspector's Report.

In light of this decision the Board of the Agency wishes to assure you that the refusal of your request for an oral hearing does not mean that your objection will receive any less consideration than where a hearing is granted. They also wish to advise that the technical committee will deal with your objection in a professional and impartial manner.

The technical committee will prepare a report and recommendations having taken into account all the issues raised in your objection. The Board of the Agency will consider your objection together with the report and the recommendations of the technical committee before making a final decision. This decision will be made as soon as possible and without undue delay. Once the final decision is made you will be notified at the earliest possible date.

---

The decisions of the Agency are based on objective and independent evaluation of all the issues raised by all parties to a licence application. The Agency is committed to openness, fairness and transparency in its decision making process and I can assure you that you will have access to all documentation in relation to this licence application including the report and recommendations of the technical committee.

Yours sincerely
