TECHNICAL AMENDMENT A
TO
INDUSTRIAL EMISSIONS LICENCE

Licence Register Number:	W0113-04
Licensee:	KMK Metals Recycling Limited
Location of Installation:	Cappincur Industrial Estate Daingean Road Tullamore County Offaly

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of licence Reg. No. W0113-04 granted on the 20/12/2013 and amended on 23/12/2013 as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the proposed activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European sites at Charleville Wood SAC [000571], Raheenmore Bog SAC [000582], Split Hill and Long Hill Esker SAC [001831], Clara Bog SAC [000572], River Barrow and River Nore SAC [002162] and Clonaslee Esker and Derry Bog SAC [00859]. The Agency considered, for the reasons set out below, that the proposed activity is not directly connected with or necessary to the management of those sites as European Sites and that it can be excluded, on the basis of objective scientific information, that the proposed activity, individually or in combination with other plans or projects, will have a significant effect on a European site, and accordingly the Agency determined that an Appropriate Assessment of the proposed activity is not required.

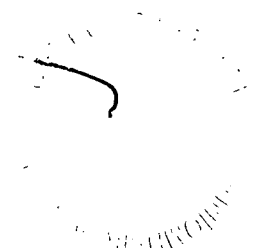

The proposed changes to be implemented on foot of this technical amendment do not have the potential for significant effects on any European site due to the absence of significant environmental emissions, the absence of pathways and the distance to European sites.

Technical Amendment

In pursuance of the powers conferred on it by Section 96(1)(c) of the Environmental Protection Agency Act 1992 as amended, the Agency amends the licence, granted to KMK Metals Recycling Limited, Cappincur Industrial Estate, Daingean Road, Tullamore, County Offaly for an installation located at that address.

Henceforth, the licence shall be read in conjunction with a Section 76A(11) Amendment issued on 23/12/2013 and the amendments set out below.

This technical amendment is limited to the following:
Schedule A: Limitations.
