RE: Licensing Action- Reg 18(3)(b) Notice Sent for Mallow Licence (D0052-01)

I refer to your letter of the 26th July 2012 in relation to the WWDL application for Mallow (D0052-01), issued to Cork County Council via EDEN.

The letter advised Cork County Council that, in the opinion of the Environmental Protection Agency, documentation submitted in relation to the application was not in compliance with Regulation 16 of the Waste Water Discharge (Authorisation) Regulations 2007, as amended.

Cork County Council was requested to *'Please revise, if and where necessary, the Natura Impact Statement to take account of leachate acceptance at the WWTP, as proposed in the application. Alternatively, please indicate if leachate acceptance is no longer proposed to take place'*

I am to advise you that leachate acceptance is not currently proposed at Mallow WWTP. As such Cork County Council is of the opinion that a revision of the Natura Impact Statement, to take account of such acceptance, does not apply.

I trust that this resolves the matter to the Agency's satisfaction.

Yours sincerely,

Noel O'Keeffe,
Co. Engineer & Director of Water Services,
Cork Co. Council.
