RE: Whitegate-Aghada Waste Water Discharge Licence Application D0423-01

Dear Éimer Godsil,

Irish Water wishes to advise the Agency that the wastewater discharge from the septic tank to the percolation area at Ardnabourkey identified as SW04WGAG in the aforementioned licence application, will be decommissioned during the upgrade of the scheme. The Whitegate-Aghada sewerage scheme is at preliminary stage and the date for decommissioning is unknown at this stage. However, it is not expected that this decommissioning will occur prior to the end of 2018.

Best Regards,

Gerry Galvin

Chief Technical Advisor
