re: Waste Licence Application in respect of Sand and Gravel Merchants Ltd,  
Thornberry, Kill, Co. Kildare.

Dear Mr Sheils,

I refer to your client's application for a waste licence, reference number W0278-01.

It is noted that there is no planning permission in place for the proposed waste activity the subject of your licence application. This is evident from the planning authority's submission to the Agency dated 22/12/2014. This being the case, and given that it is necessary to carry out Environmental Impact Assessment for the activity as part of the licence application, the Agency is unable at this time to consider your application further.

You are invited to address this deficiency in the facility's planning permission and revert to the Agency with a report on progress within 8 weeks of the date of this letter. If the issue is not resolved satisfactorily or if it does not appear possible to resolve it satisfactorily, the Agency will decide whether it can consider the licence application and may by notice to you determine that it cannot. This will result in the rejection of your licence application and/or its being regarded as having been withdrawn in accordance with article 21 of the Waste Management (Licensing) Regulations 2004. If any action is initiated by the Agency under article 21, you will be so notified in accordance with the requirements of article 21(2).

Yours sincerely,

Brian Meaney  
Environmental Licensing Programme
