Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Mr Caslin

Further to your submission of 11 February 2012, received on 16 February 2012, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Further to your submission of 18 February 2012, received on 21 February 2012, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

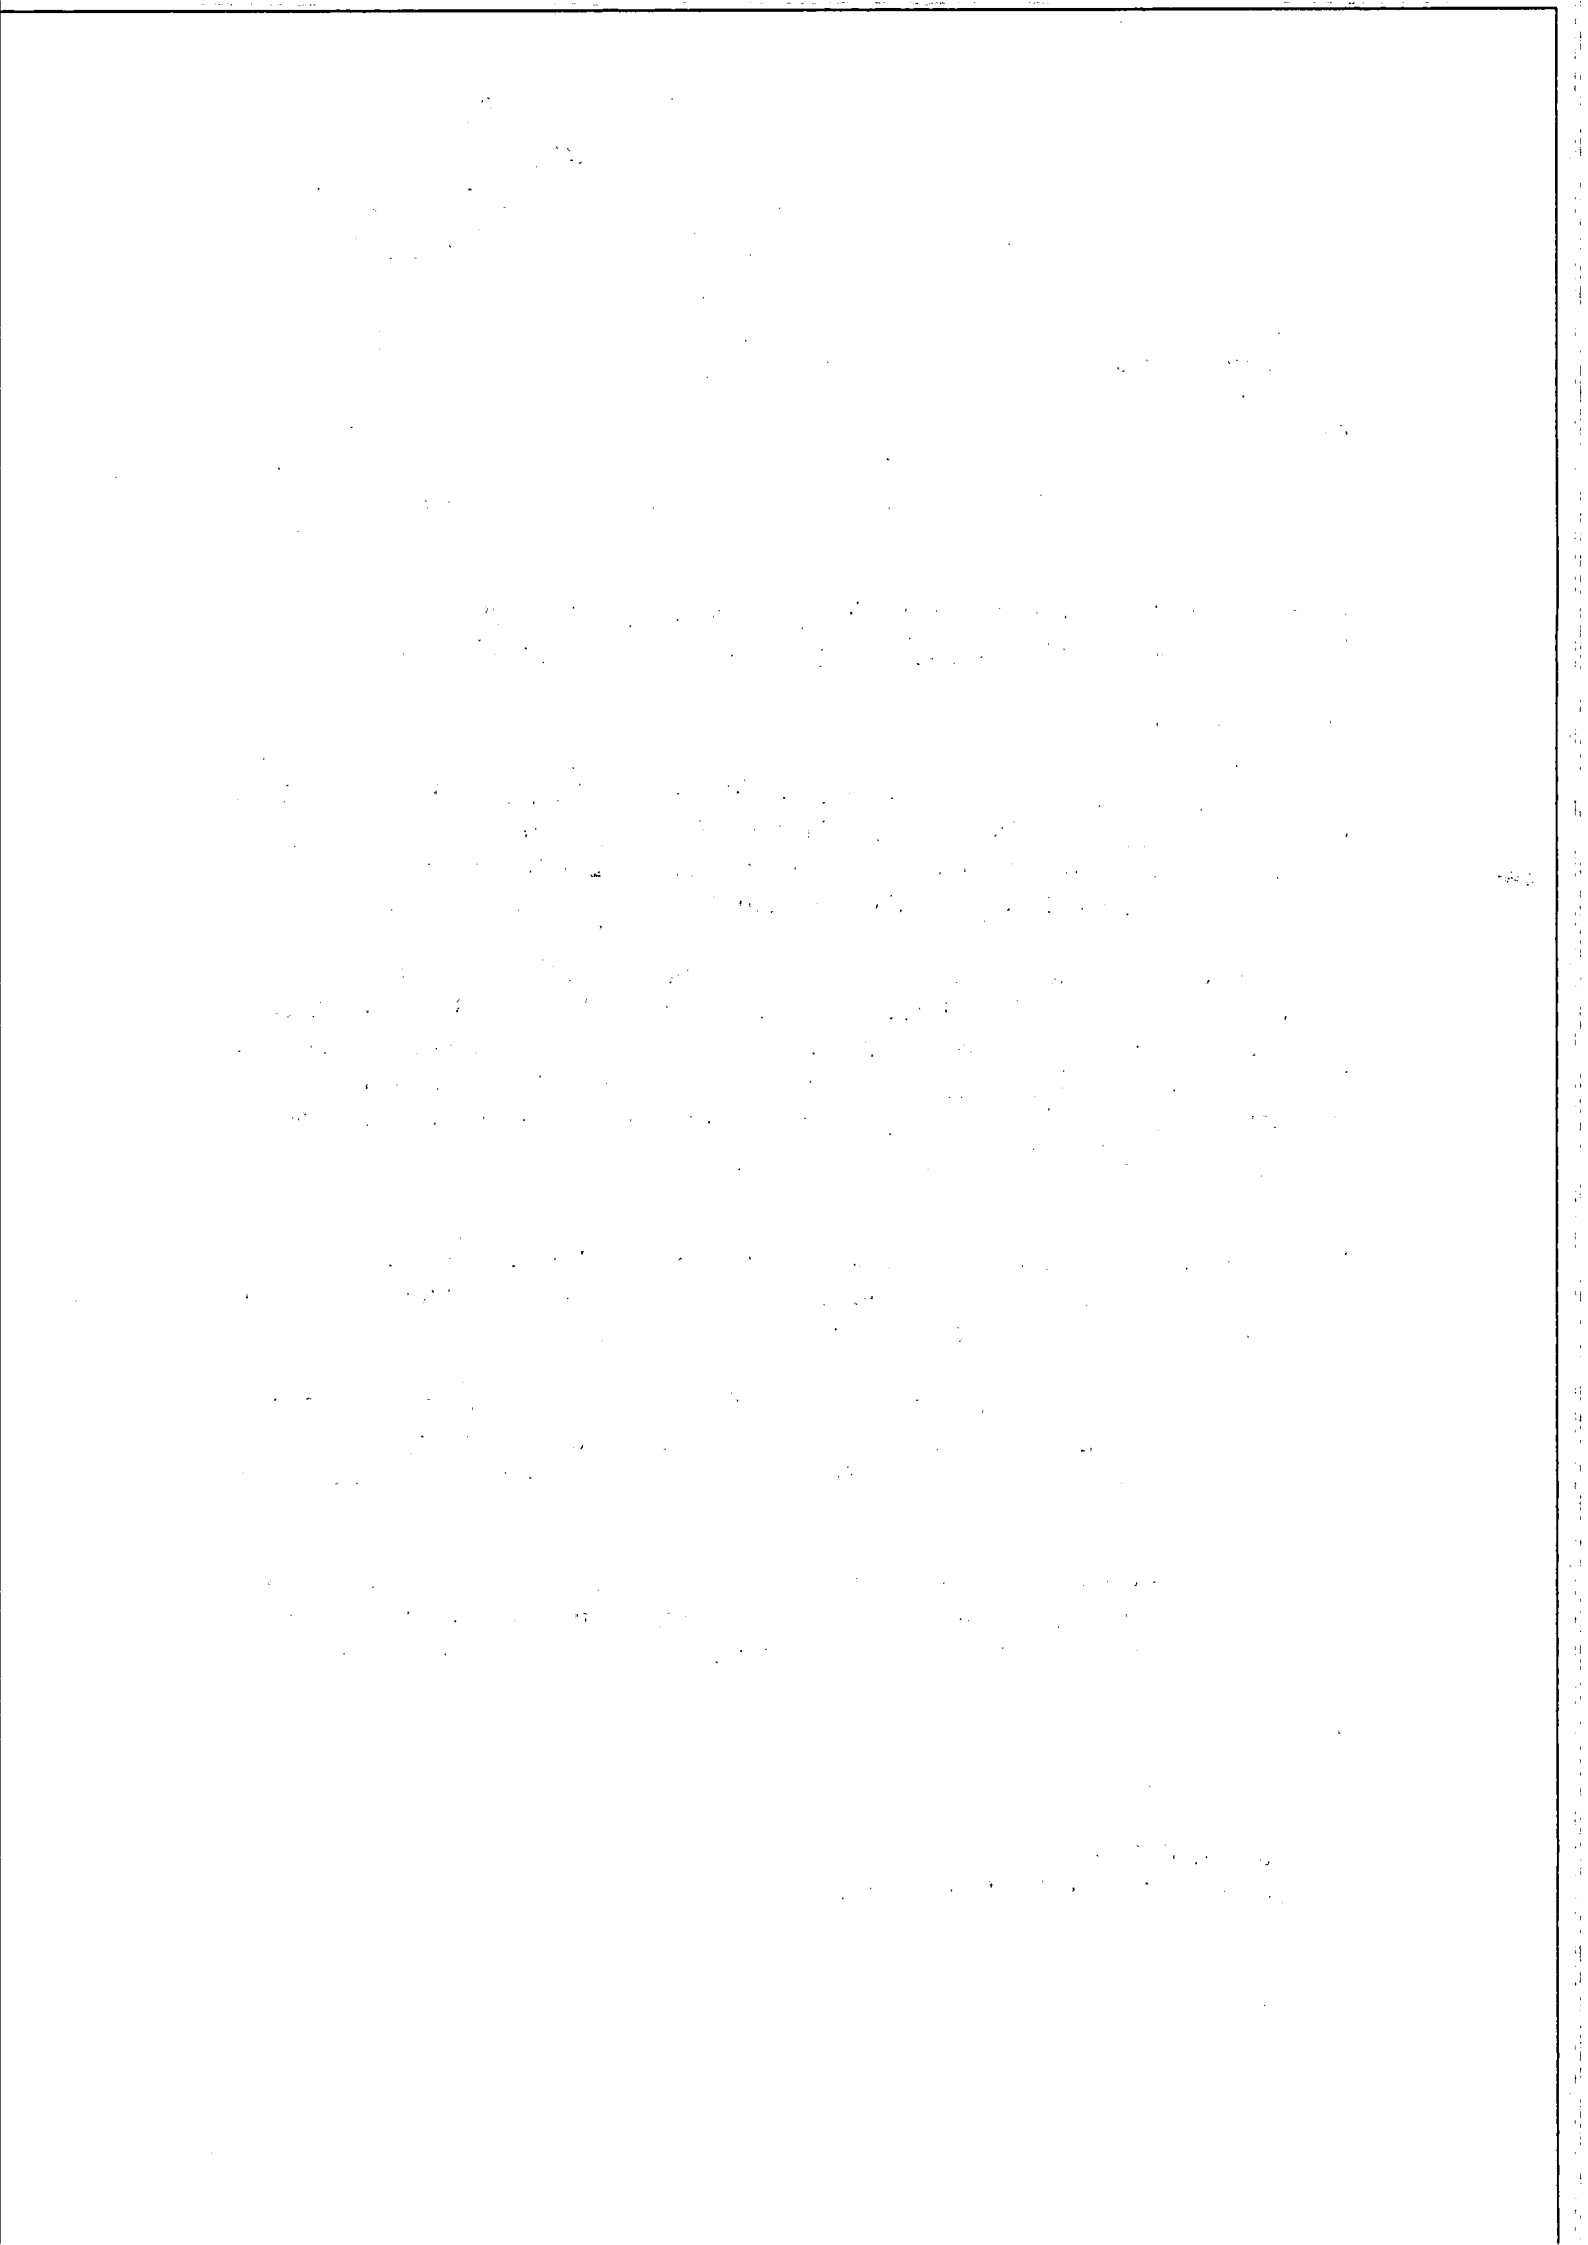

Yours sincerely,

Noeleen Keavey

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

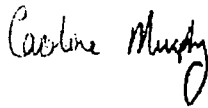

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations, 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

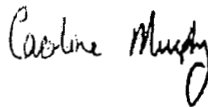

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

2. The second part of the document outlines the various methods used to collect and analyze data. These methods include interviews, surveys, and the review of documents. Each method has its own strengths and weaknesses, and it is important to use them in combination to get a complete picture of the situation.

3. The third part of the document describes the process of identifying and evaluating risks. This involves looking for potential areas of concern and assessing the likelihood and impact of each risk. This information is then used to develop strategies to mitigate or avoid the risks.

4. The fourth part of the document discusses the importance of communication in the audit process. This involves keeping all parties involved in the process informed of the progress and findings. Clear communication is essential for ensuring that everyone is on the same page and that any issues are resolved promptly.

5. The fifth part of the document describes the final steps of the audit process, including the preparation of the audit report and the presentation of the findings to the management. The report should be clear, concise, and easy to understand, and it should provide a clear basis for any recommendations that are made.

6. The sixth part of the document discusses the importance of follow-up and monitoring. This involves checking back with the management to see if any recommendations have been implemented and if the risks have been effectively managed. This is an ongoing process that is essential for ensuring the long-term success of the organization.

7. The seventh part of the document describes the various challenges that can arise during the audit process. These challenges can include a lack of cooperation from management, a lack of access to necessary information, and a limited budget. It is important to be aware of these challenges and to have strategies in place to deal with them.

8. The eighth part of the document discusses the importance of ethics in the audit process. This involves being honest, objective, and fair in all dealings. It is essential to maintain the highest standards of integrity and to avoid any conflicts of interest. This is the foundation of a successful audit.

9. The ninth part of the document describes the various tools and techniques that can be used to improve the efficiency and effectiveness of the audit process. These tools include data analysis software, risk assessment tools, and communication tools. It is important to stay up-to-date on the latest developments in these areas and to use them to the best advantage.

10. The tenth part of the document discusses the future of the audit process. This involves looking at the latest trends and technologies and considering how they can be used to improve the audit process. The future of the audit process is bright, and it is exciting to think about the possibilities that lie ahead.

	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Further to your submission of 29 November 2011, received on 30 November 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

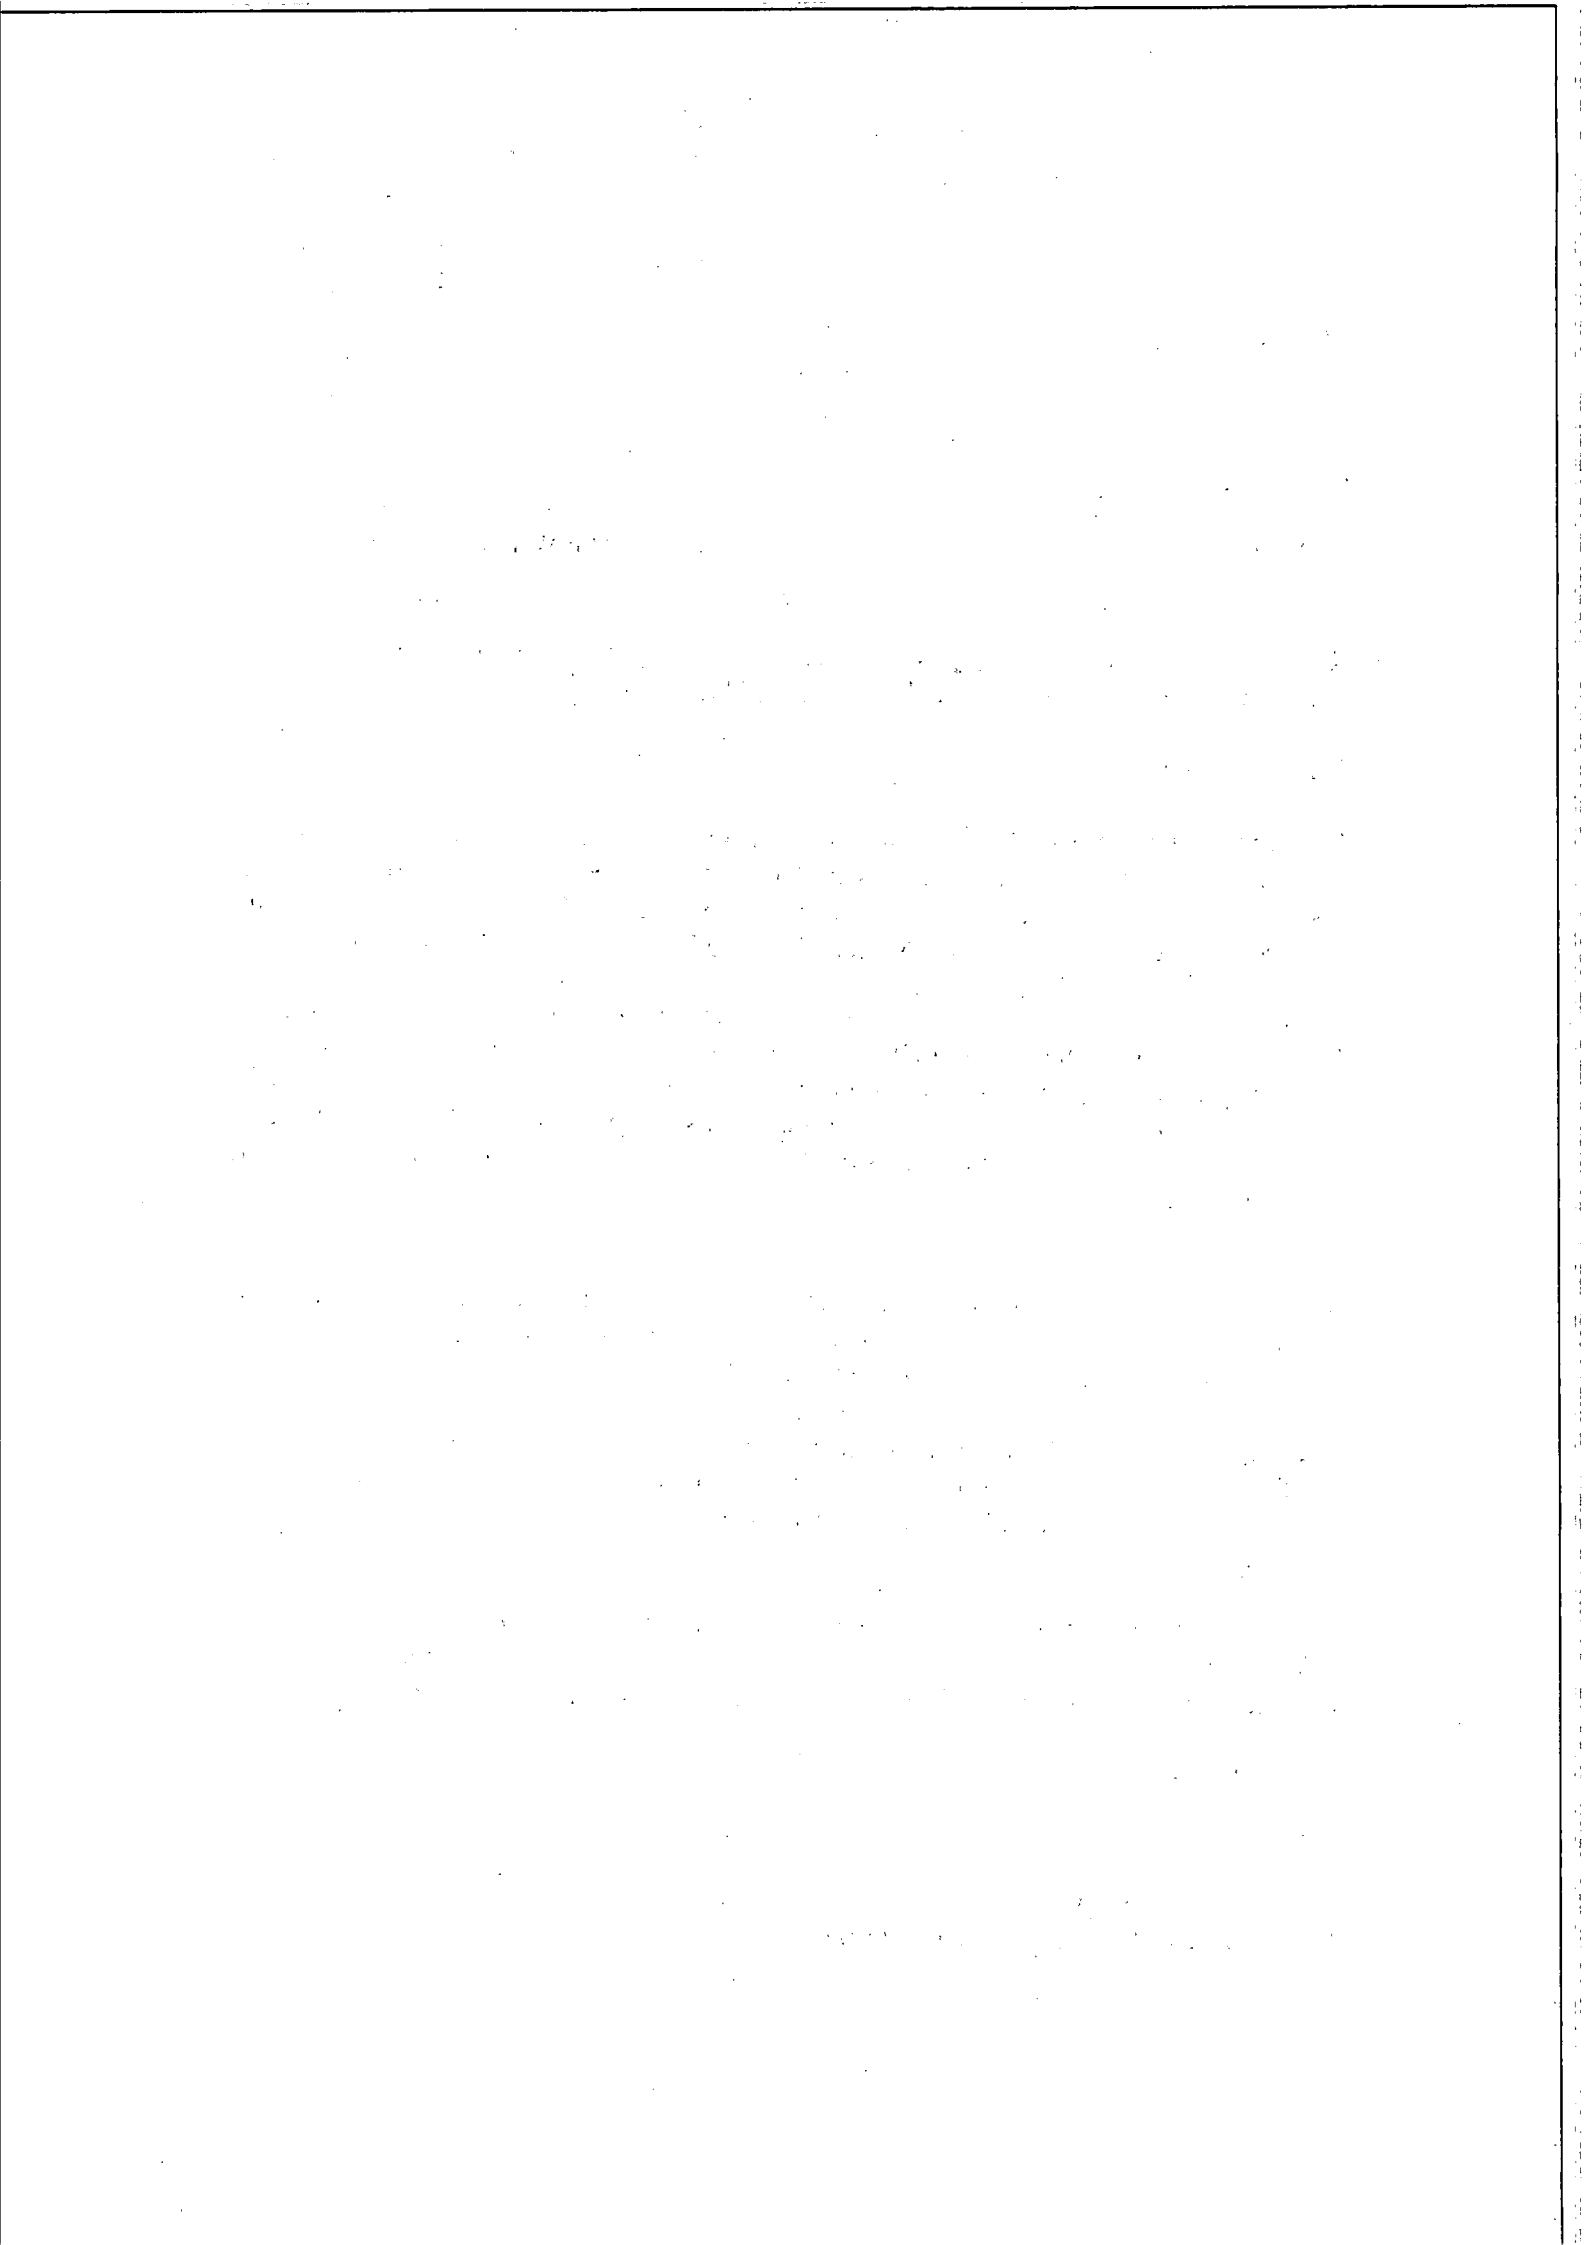

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Mr Daly

Further to your submission of 28 November 2011, received on 28 November 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

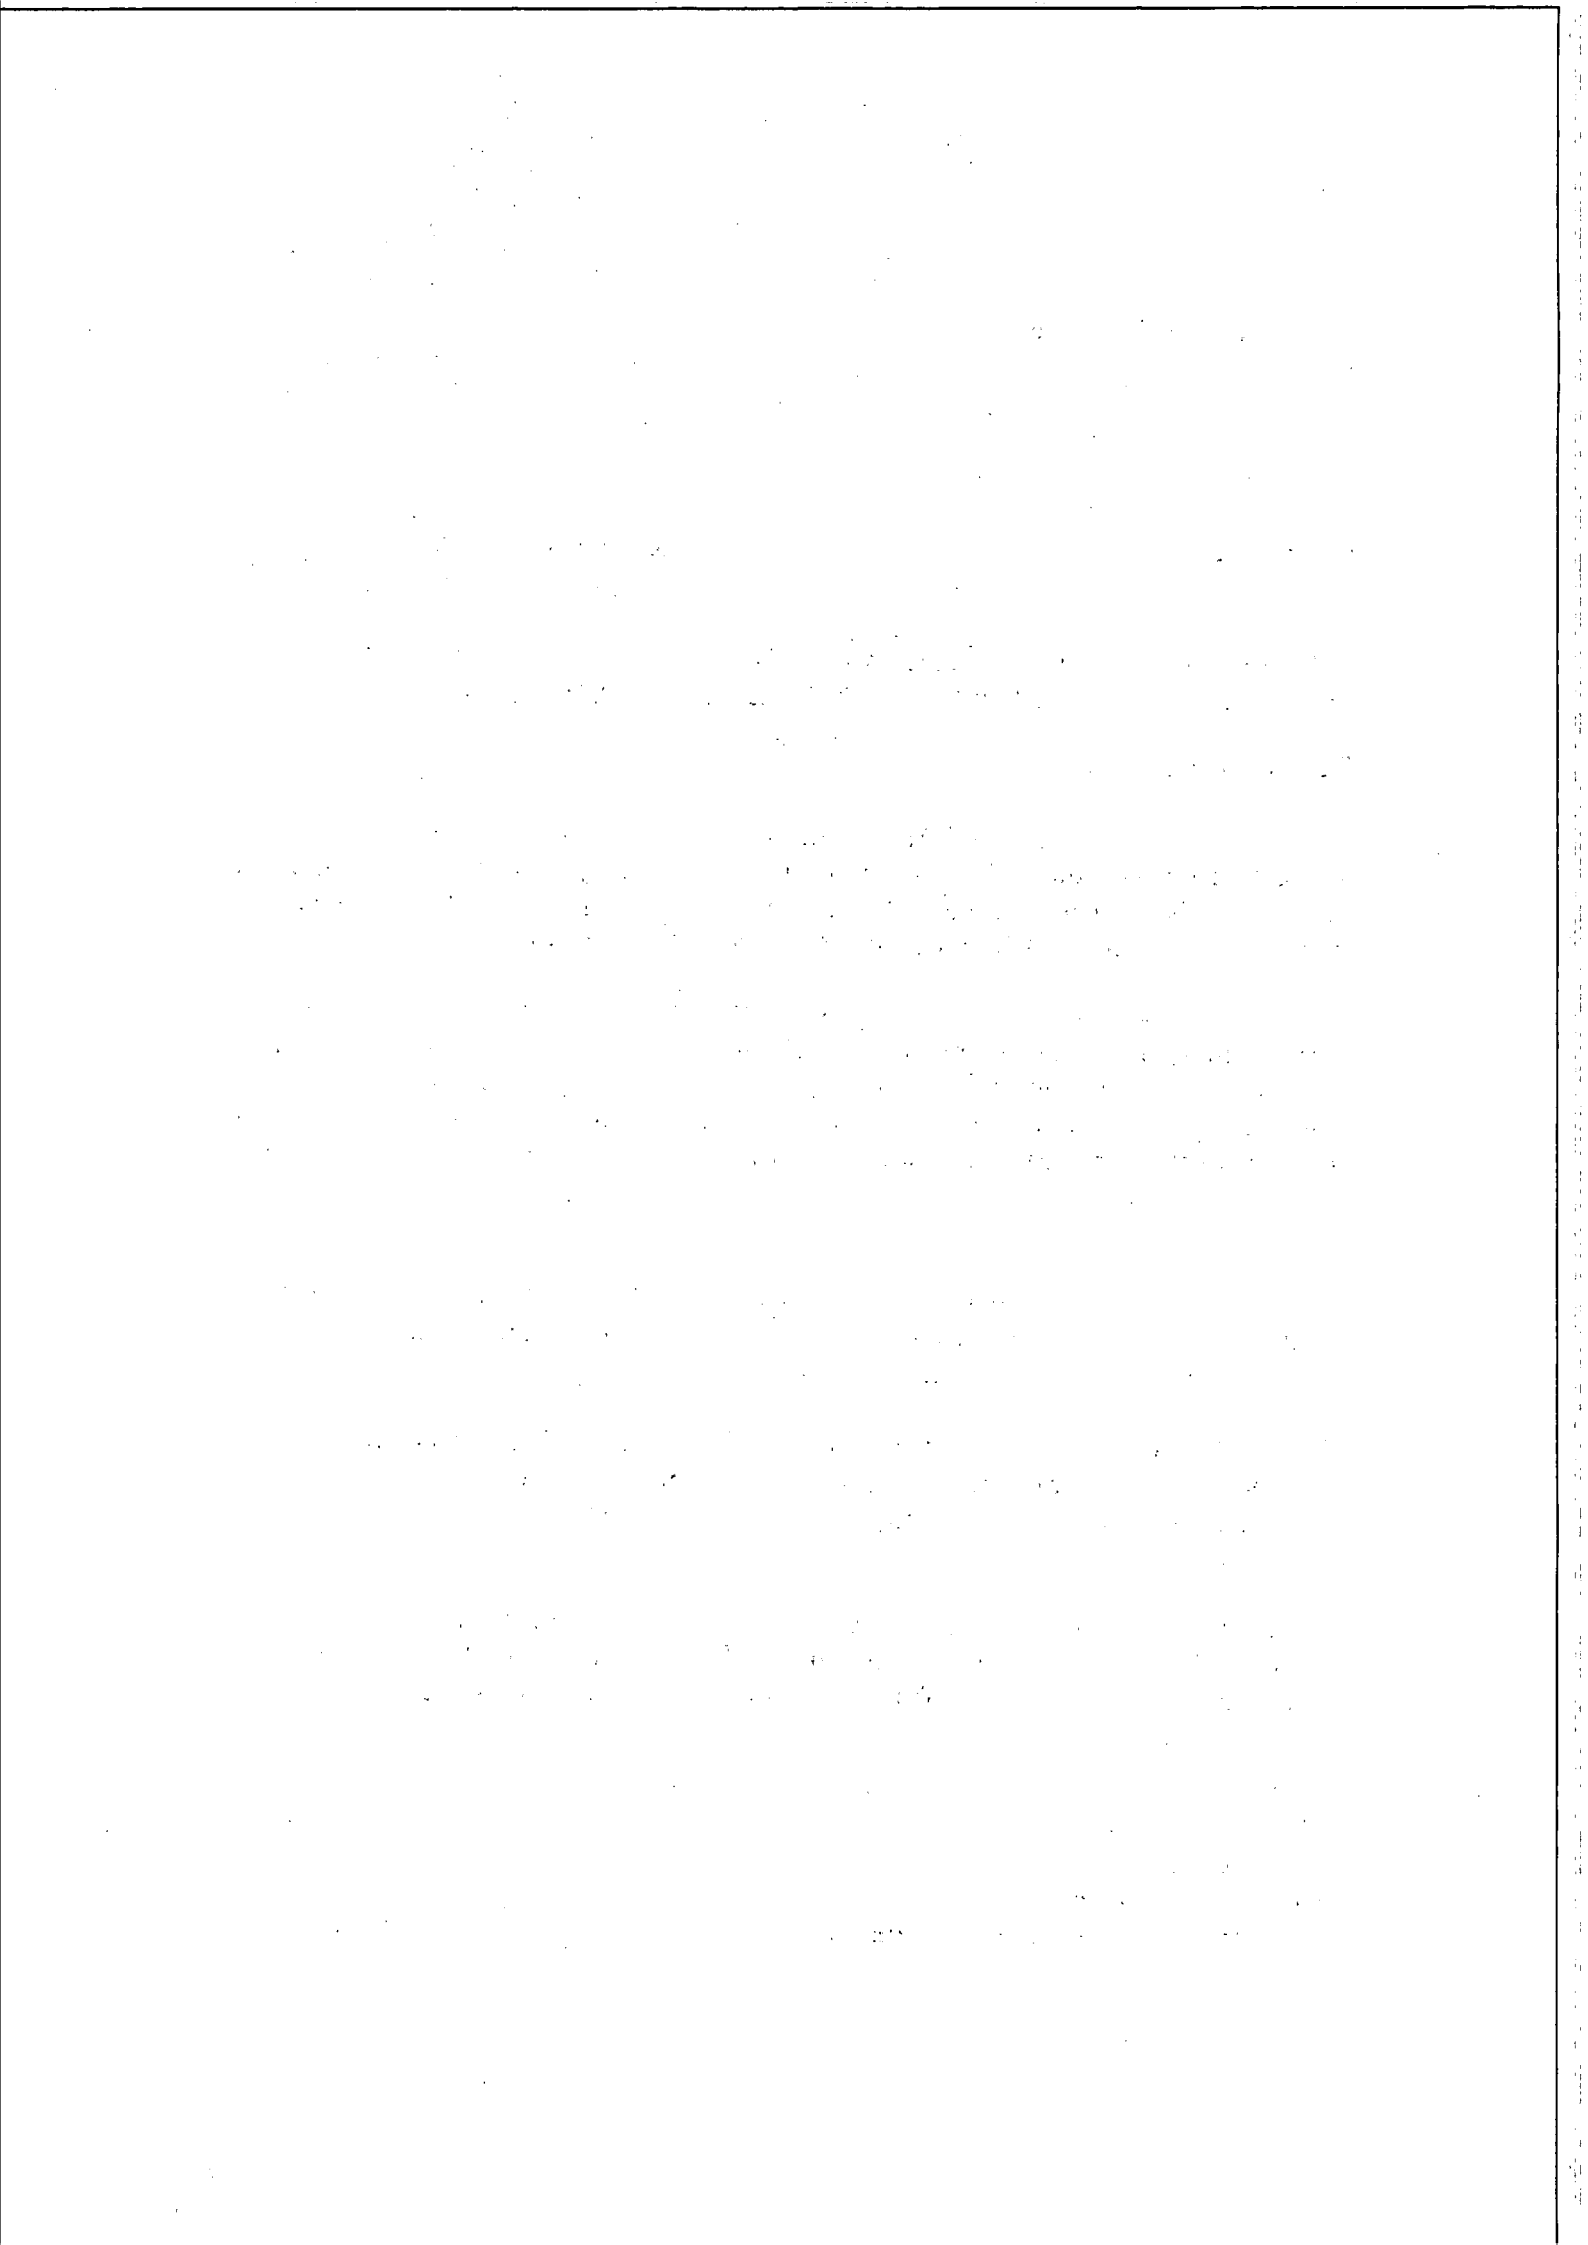

Yours sincerely,

Noeleen Keavey
Programme Officer

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Ms Kinsella

Further to your submission of 1 December 2011, received on 1 December 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

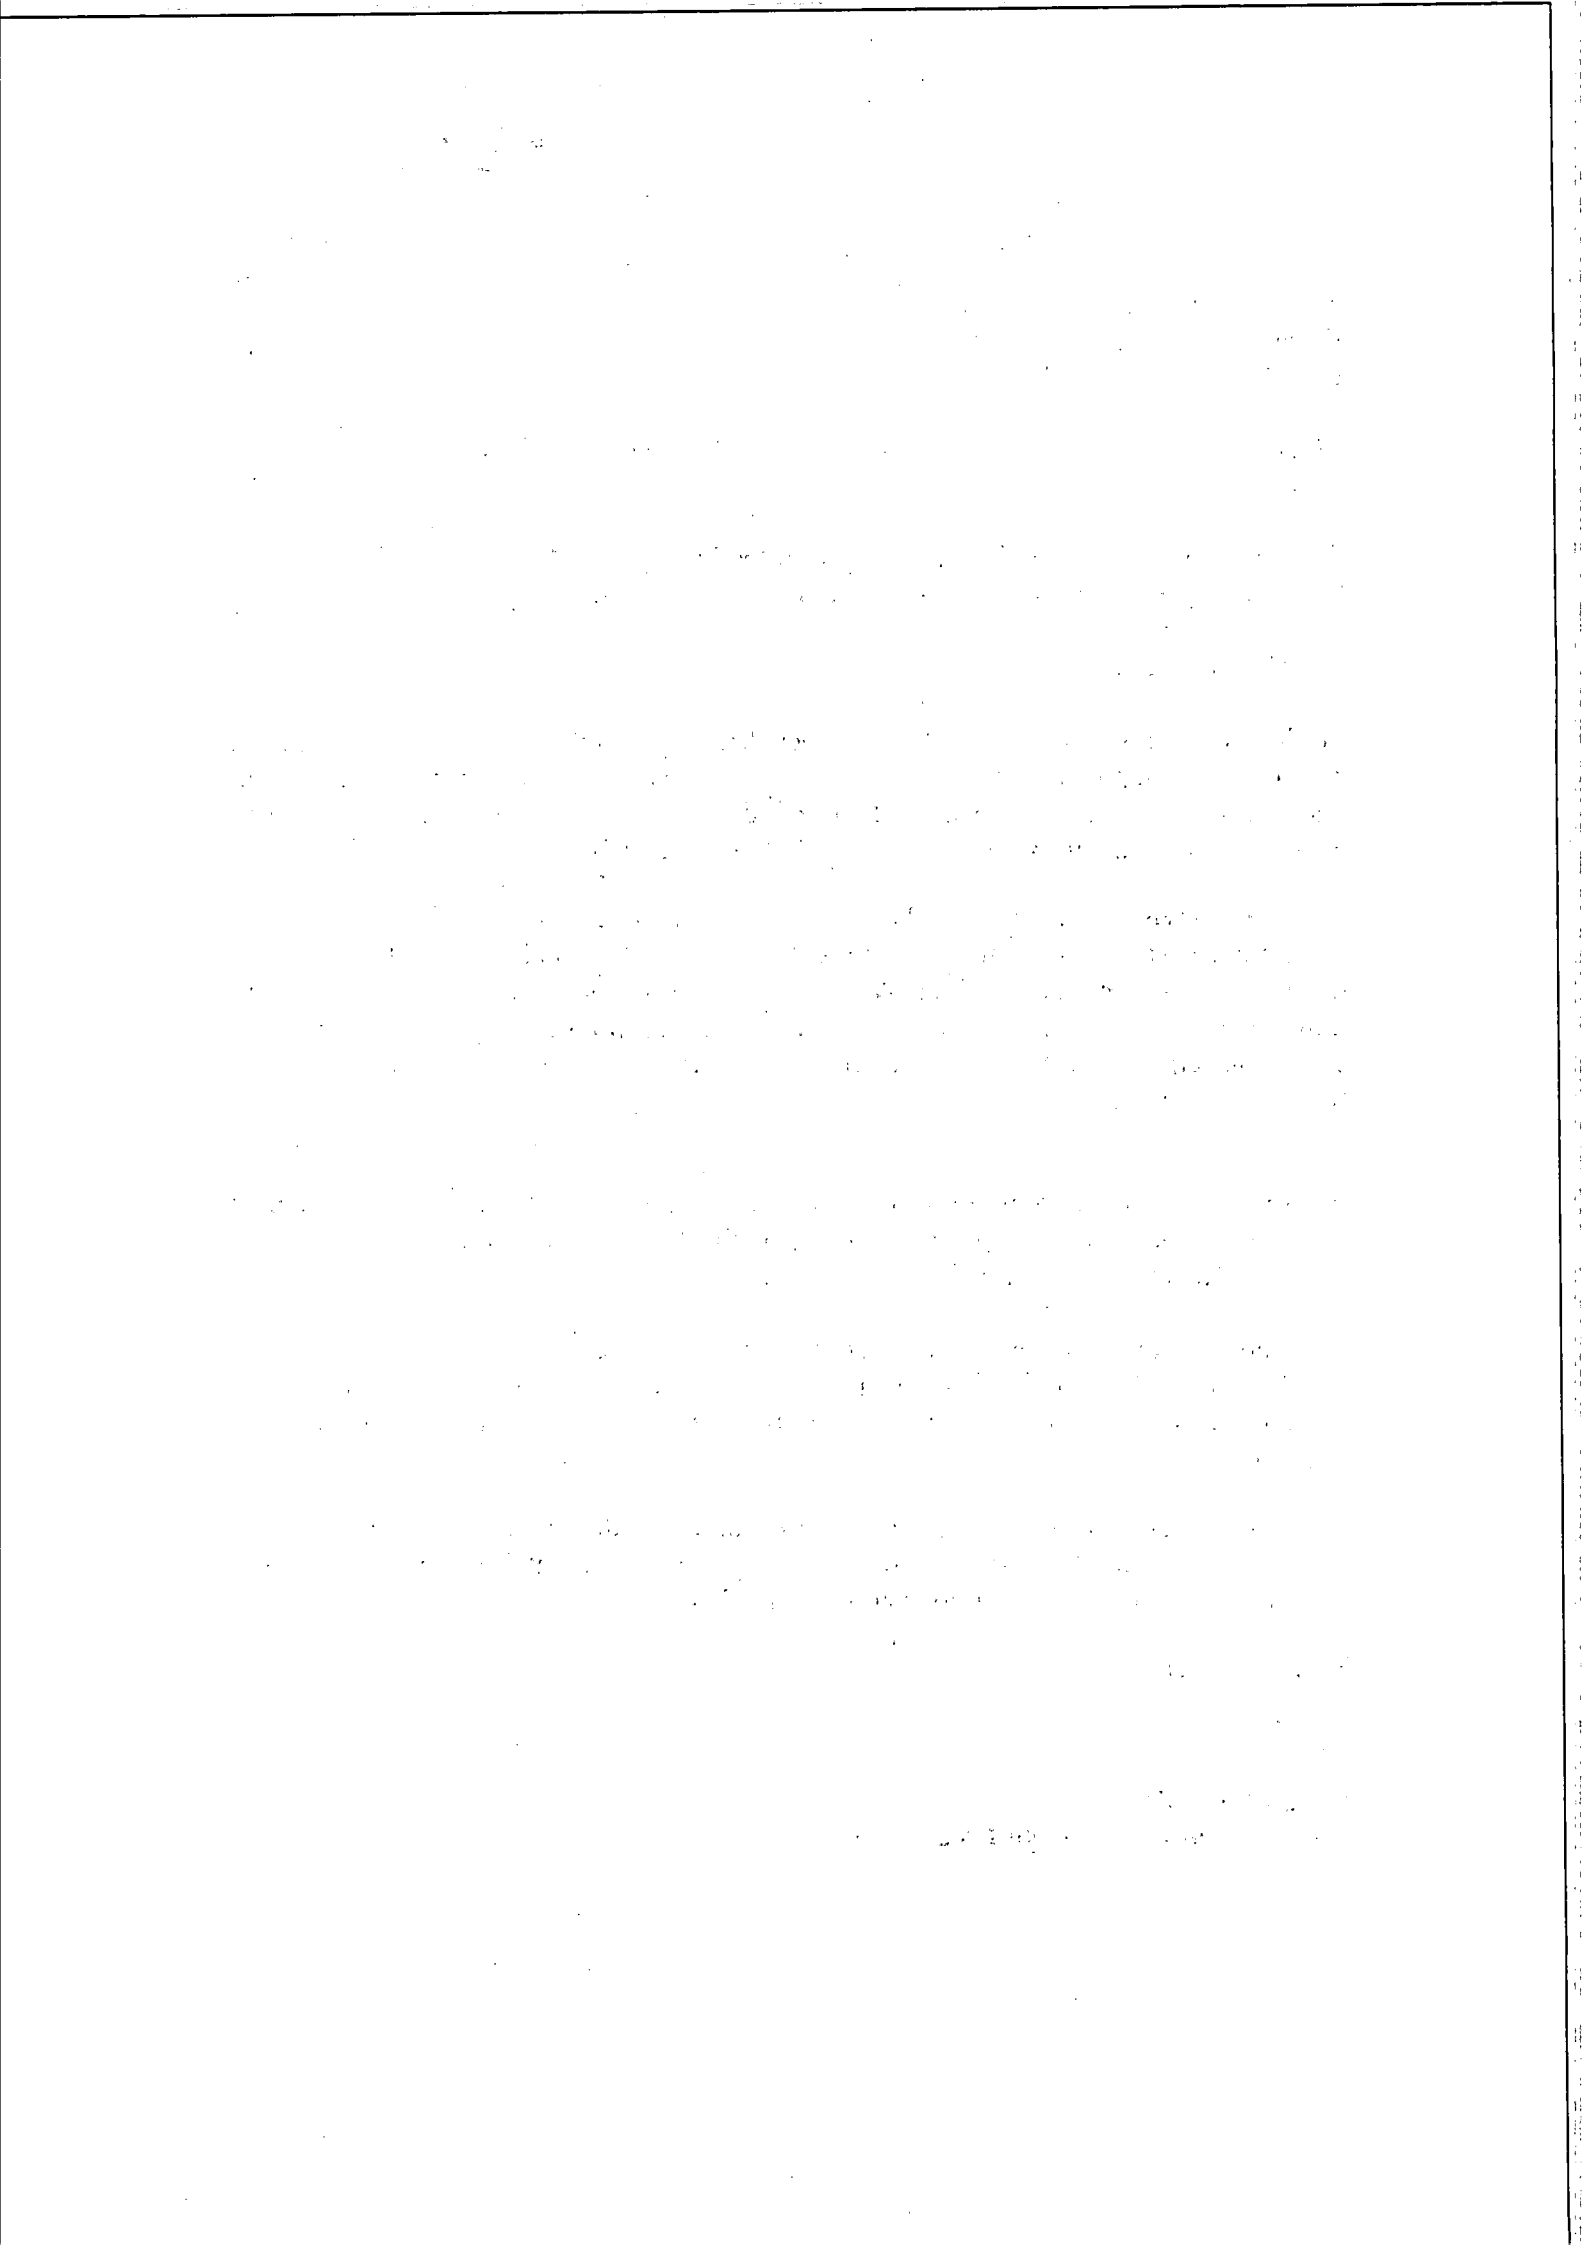

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Noeleen Keavey
Programme Officer

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

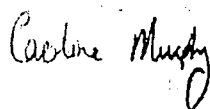

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Mr Rice

Further to your submission of 8 December 2011, received on 14 December 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

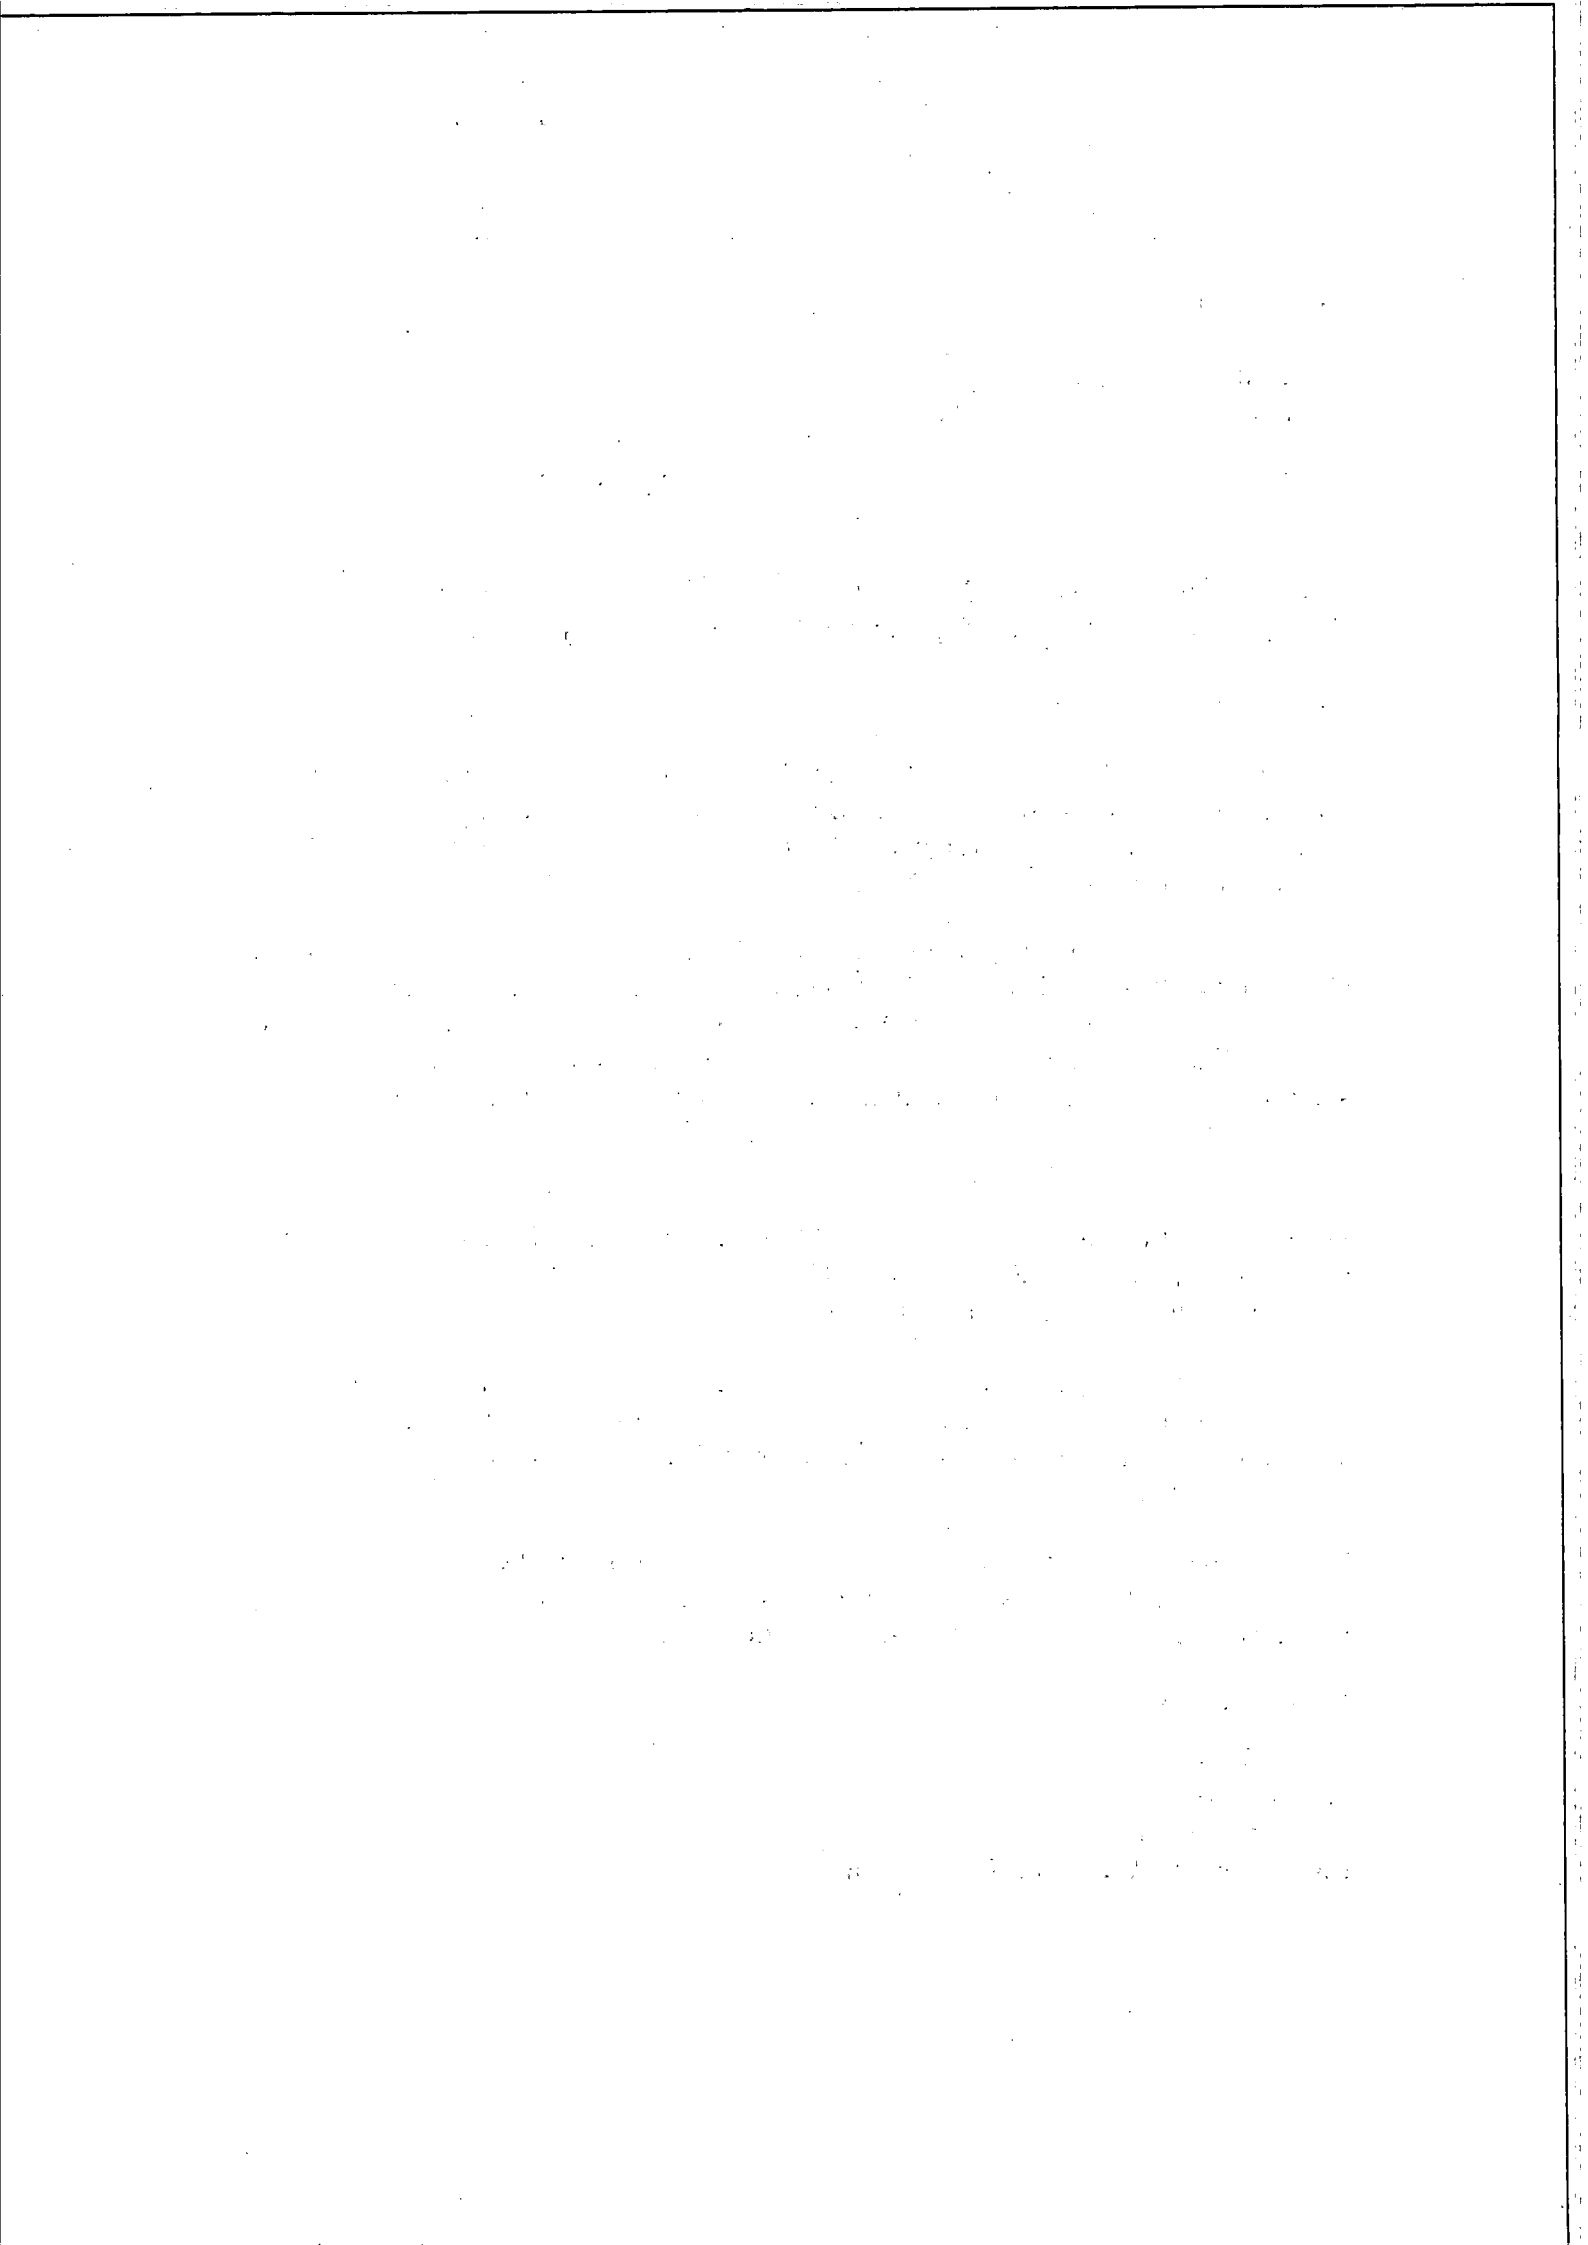

Yours sincerely,

Noeleen Keavey

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Reg. No: W0140-04

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Mr Flood

Further to your submission of 17 December 2011, received on 19 December 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

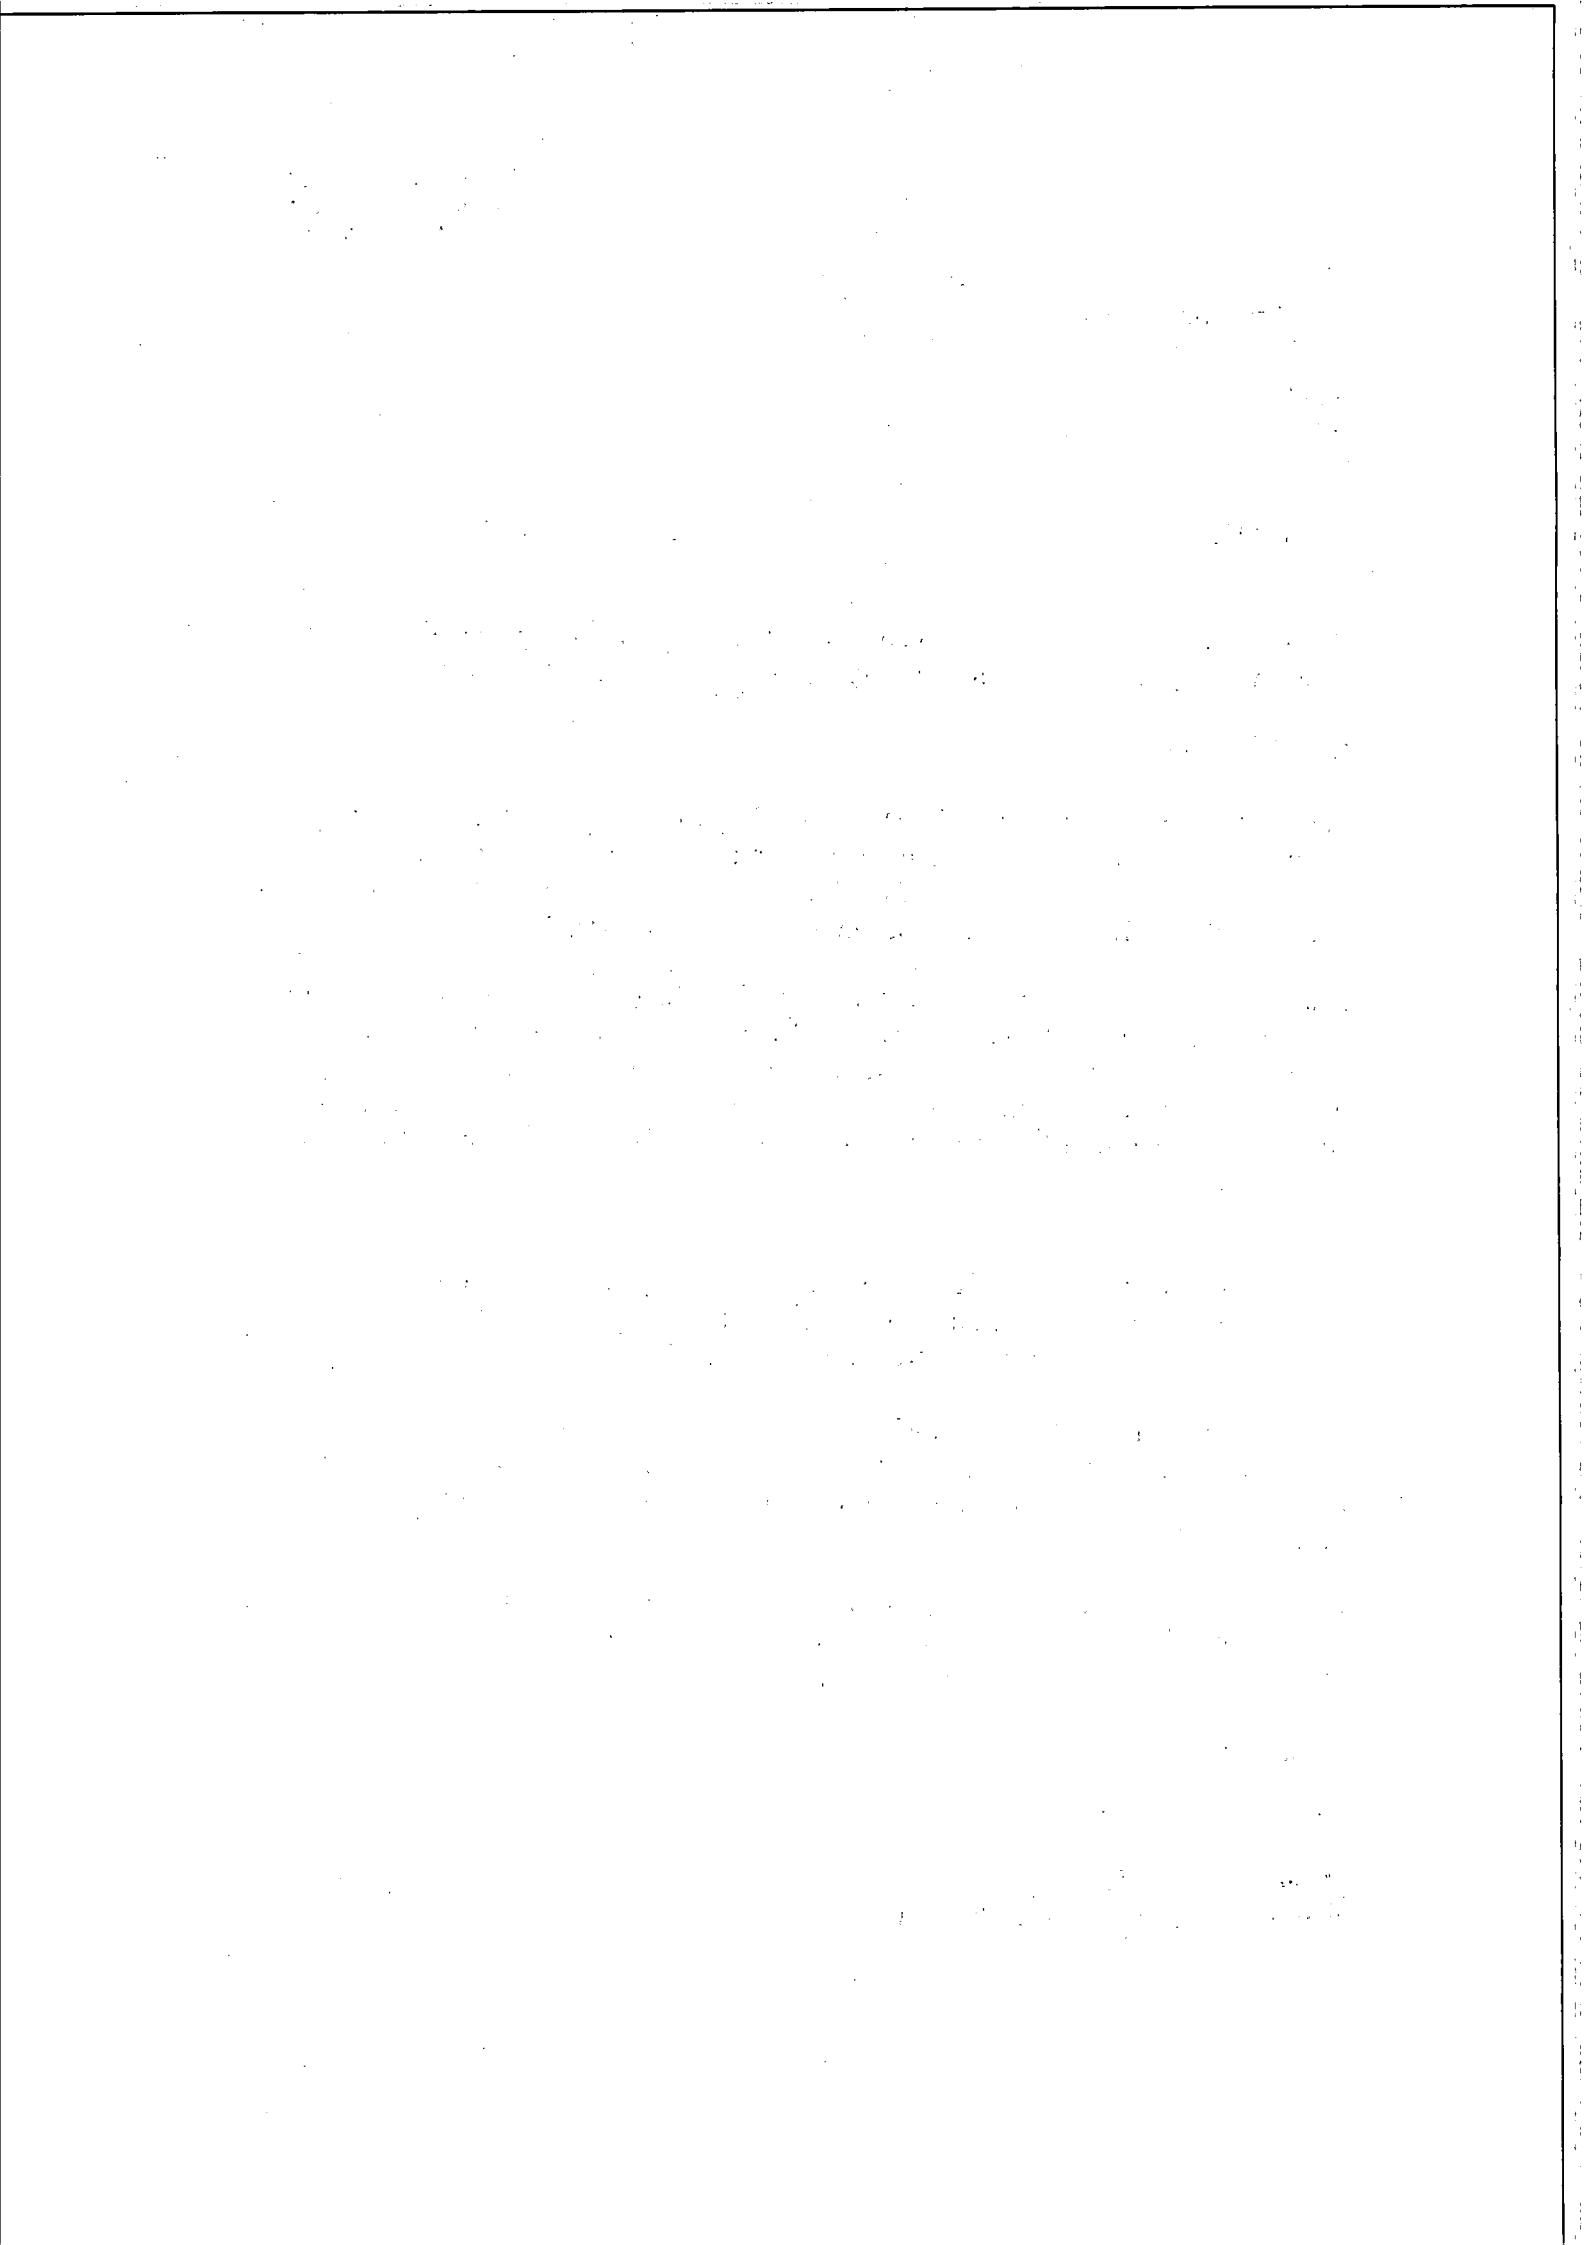

Yours sincerely,

Noeleen Keavey

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Reg. No: W0140-04

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Mrs Nicholson

Further to your submission of 15 December 2011, received on 3 January 2012, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

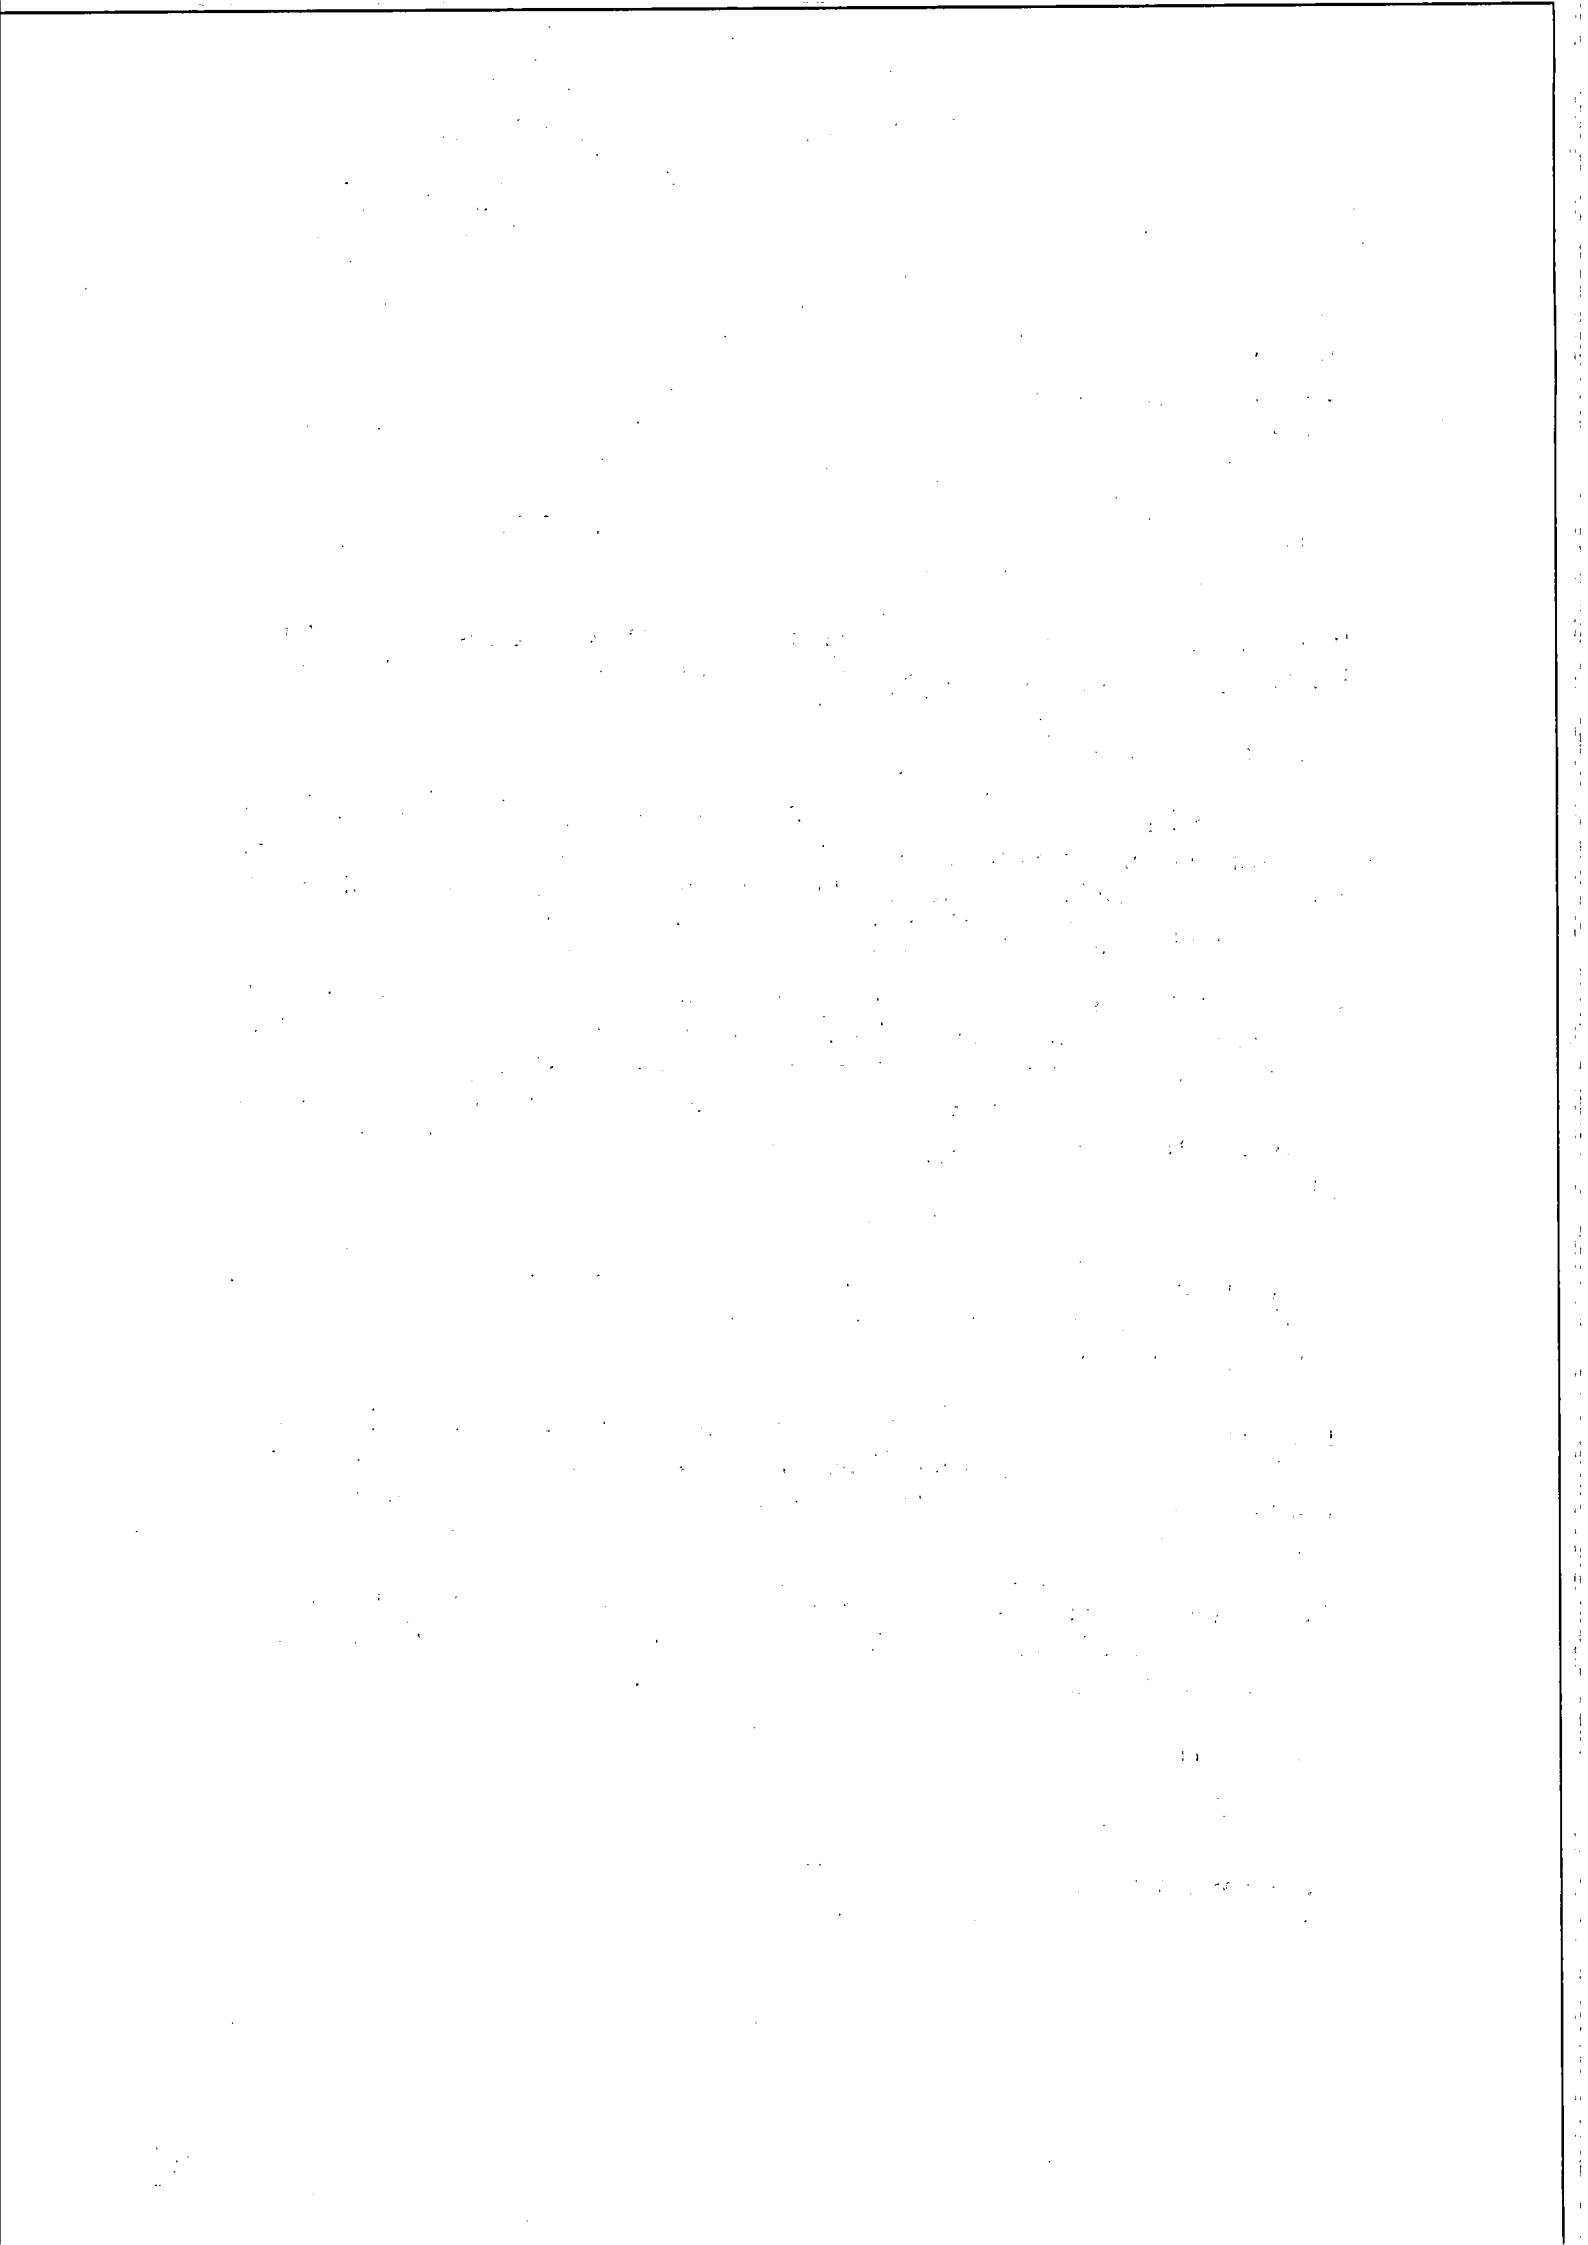

Noeleen Keavey

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Mr Duffy

Further to your submission of 21 December 2011, received on 21 December 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Noeleen Keavey

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Reg. No: W0140-04

Review of an IE Licence by Nurendale Limited in respect of Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath.

Dear Ms Hanlon

Further to your submission of 20 December 2011, received on 20 December 2011, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

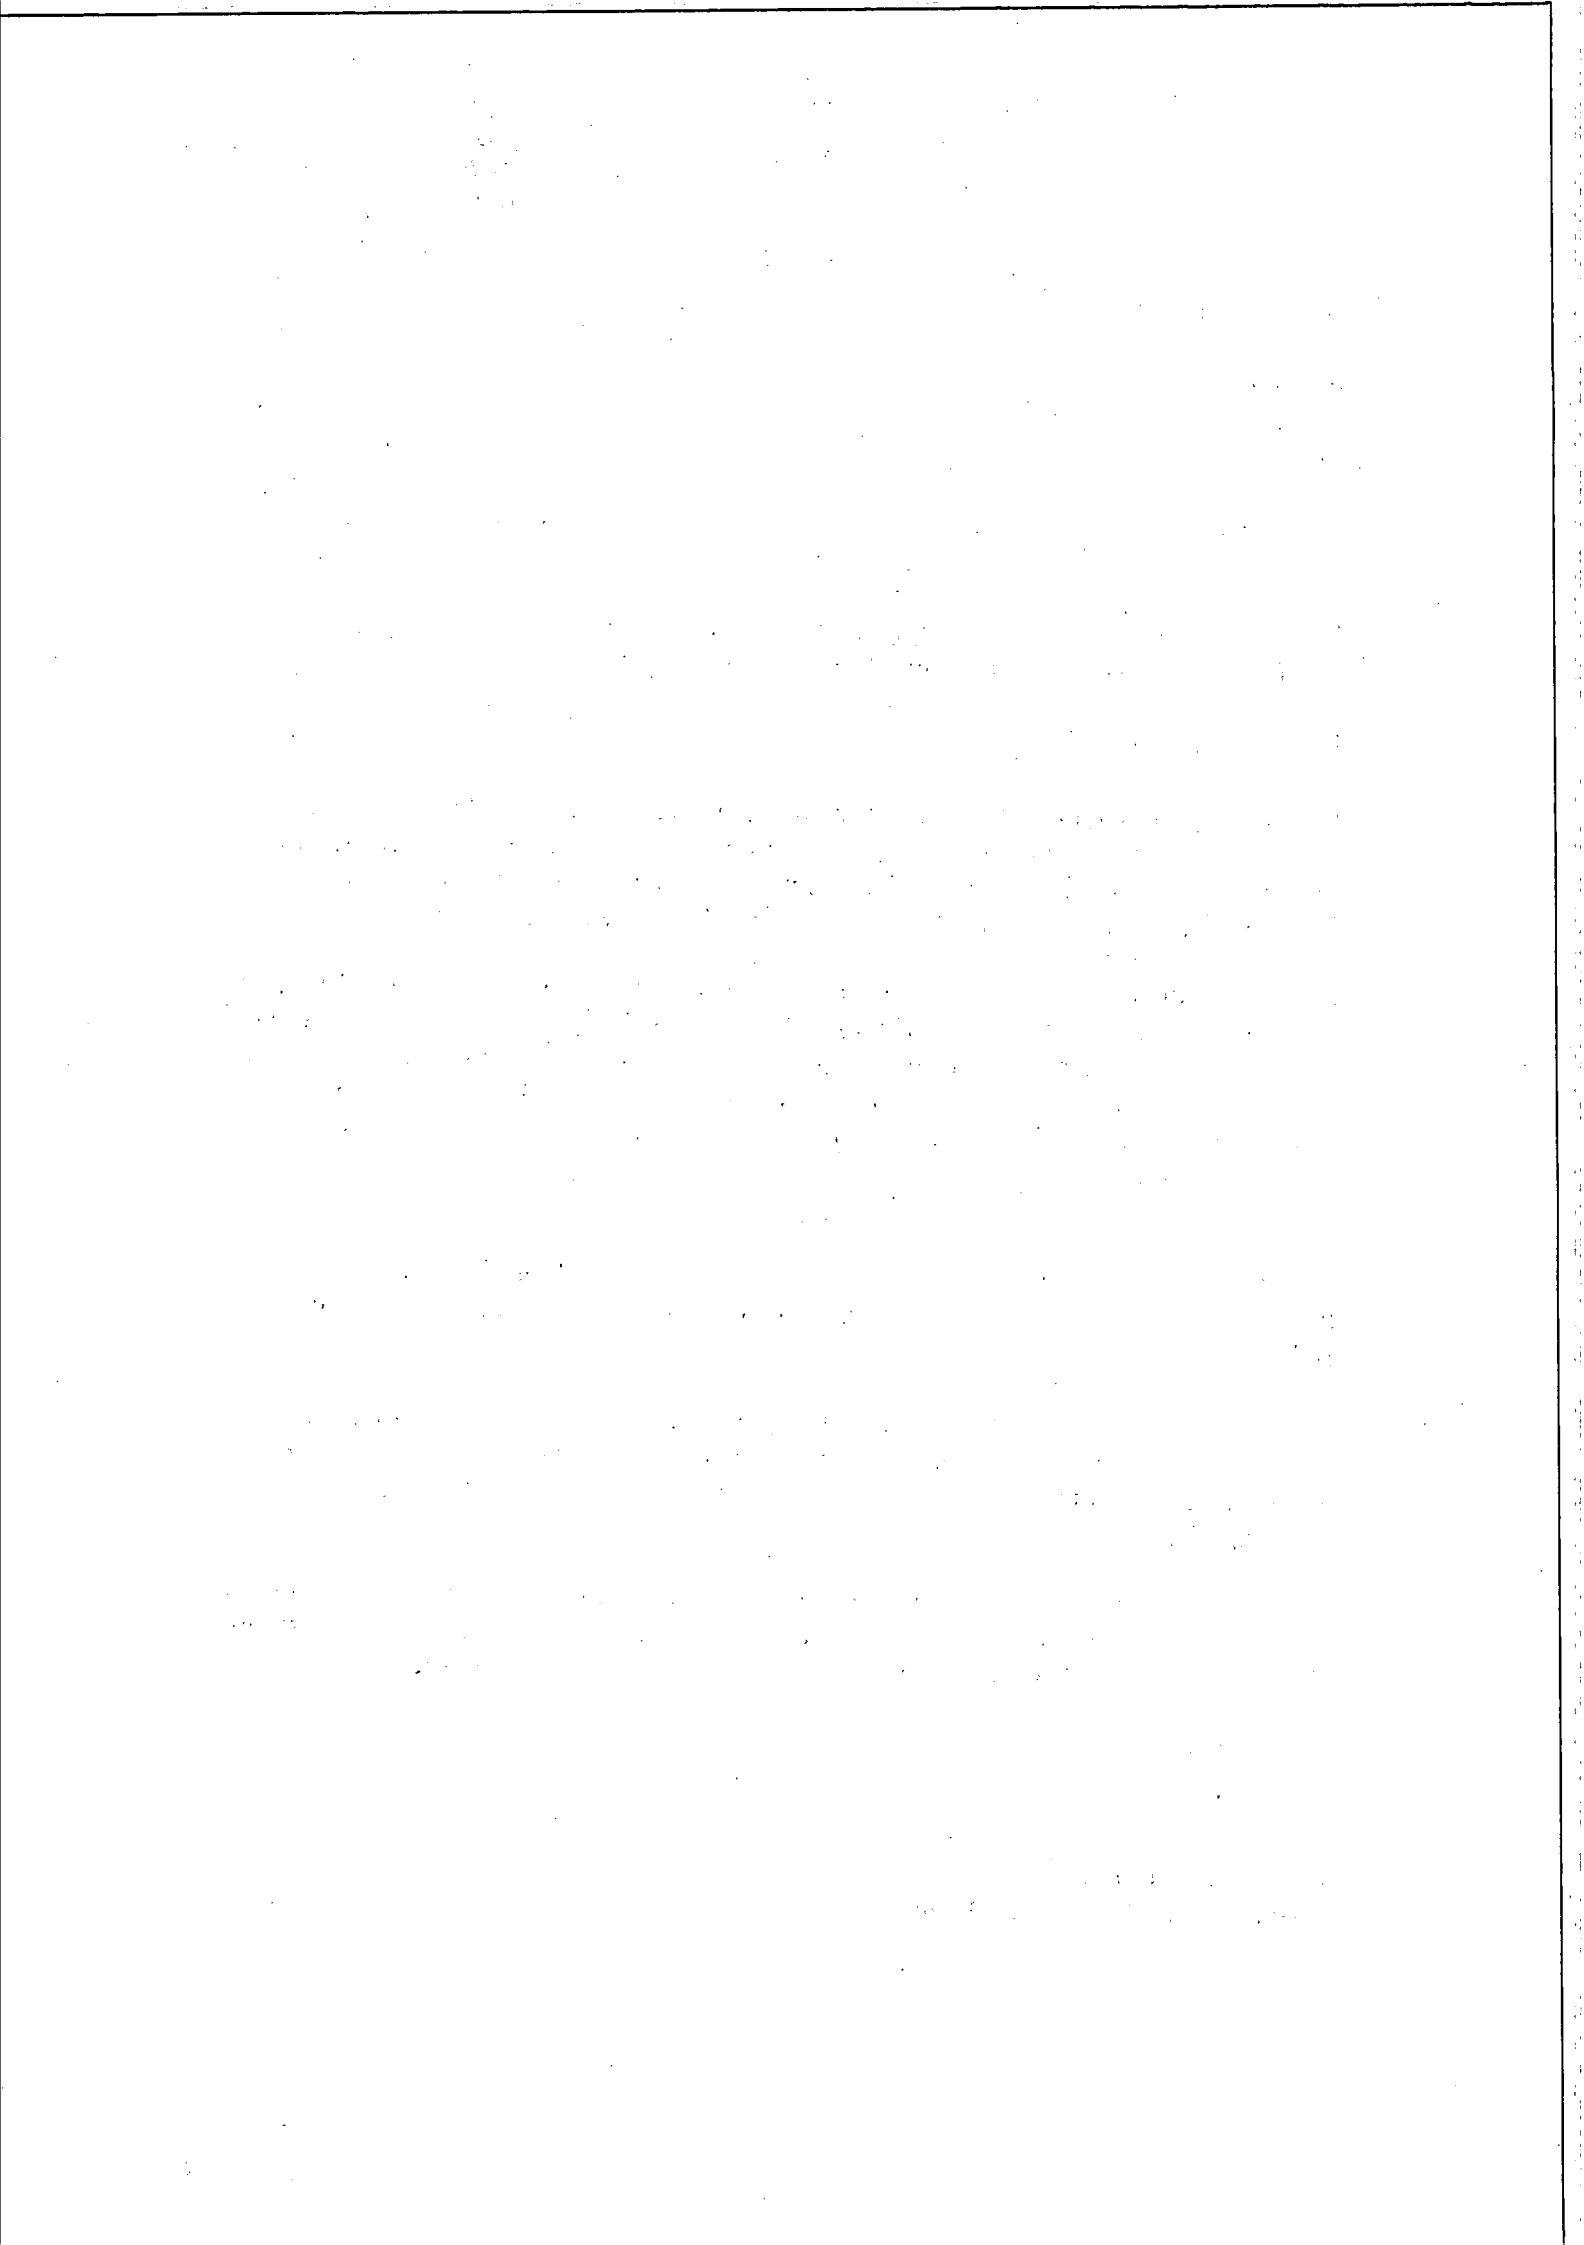

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Noeleen Keavey
Programme Officer

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299).
	Boyne Coast and Estuary SAC (Site code: 001957)
	Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).

Dear Mr Smith

Further to your submission of 3 January 2012, received on 4 January 2012, in relation to an application for an Industrial Emissions licence review in respect of an installation / a facility at Nurendale Limited, Nurendale Limited t/a Panda Waste Services, Rathdrinagh, Beauparc, Navan, County Meath (Reg. No. W0140-04).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013 that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 and 2013 where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

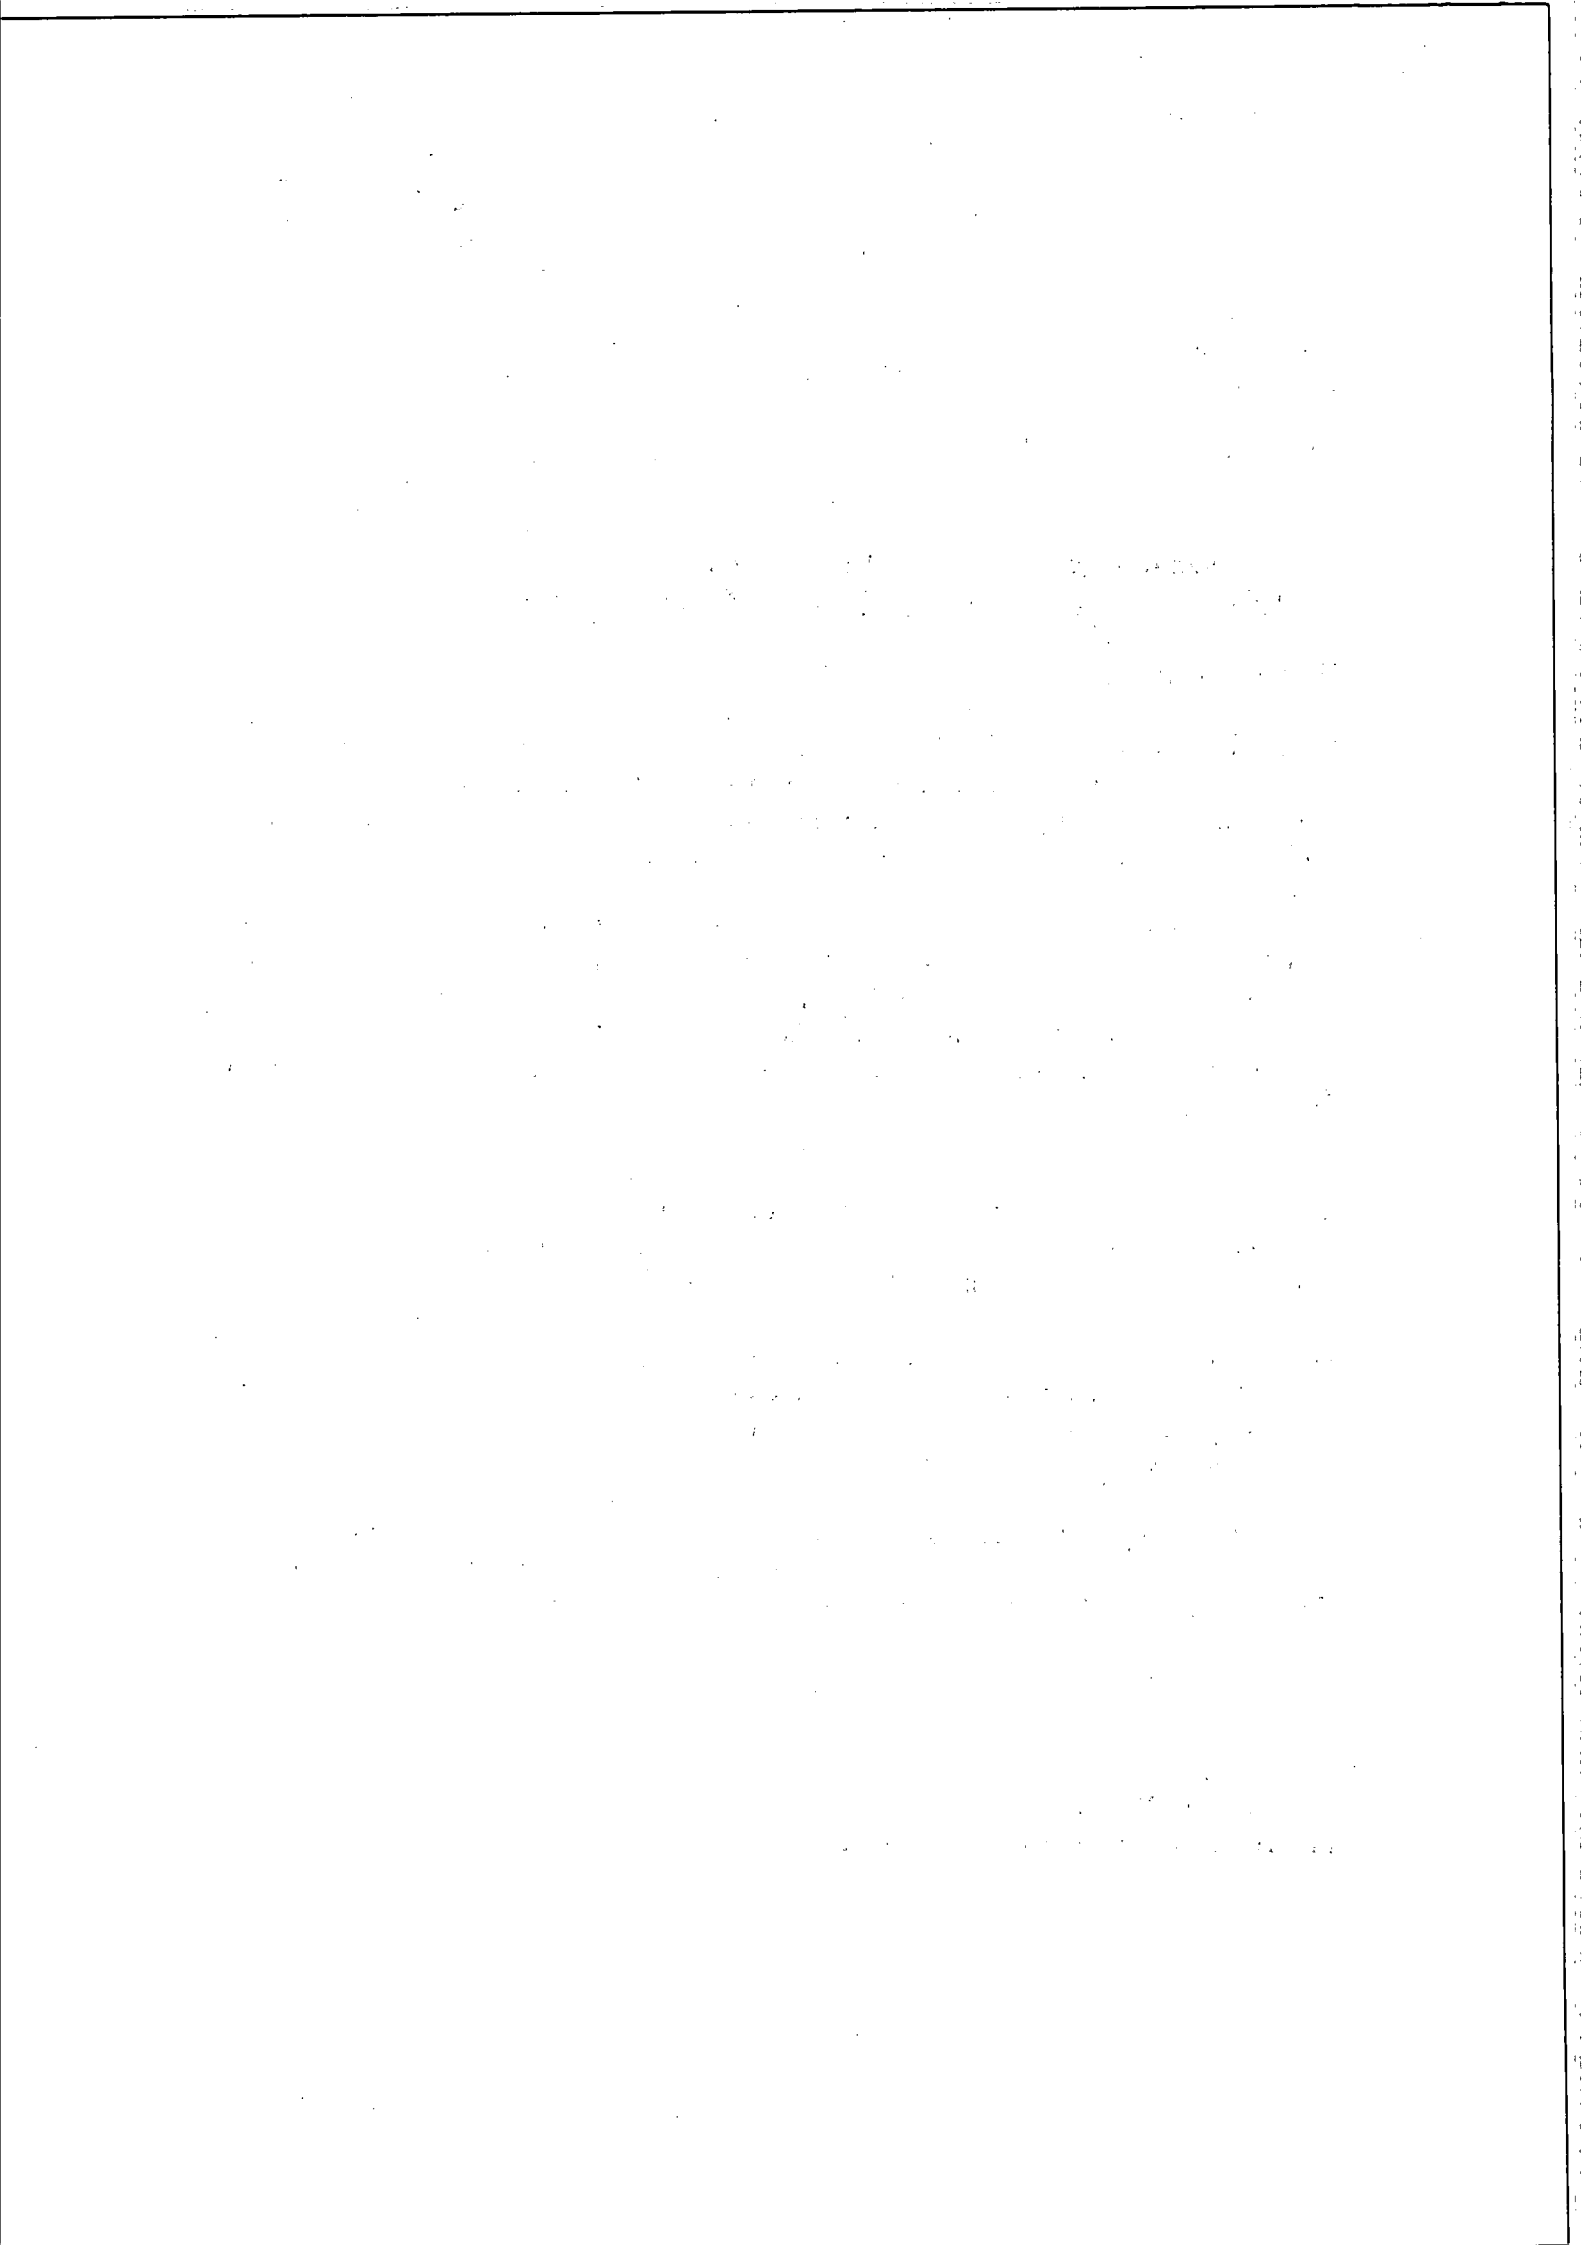

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Noeleen Keavey

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Site(s) listed below.

Consent Details:

Reg. No.	W0140-04
Applicant Name:	Nurendale Limited trading as Panda Waste Services Limited.
Type of Consent Sought:	Industrial Emissions Licence
Location of Installation:	Rathdrinagh, Beauparc, Navan, County Meath.
Licence Application Date:	Waste licence application: 24 th September 2009. Transition to an IE application: 23 rd October 2014
European Site(s) assessed:	River Boyne and River Blackwater SAC (Site code 002299). Boyne Coast and Estuary SAC (Site code: 001957) Boyne Estuary SPA (Site code: 004080)
Date of AA Screening Determination:	29 th October 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of the site as a European site and that it cannot be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The reasons for which the Agency determined that an Appropriate Assessment of the

activity is required are as follows:

- It is proposed to discharge storm water to the southern drain;
- A constructed wetland has been put in place to treat storm water prior to discharge; however, this has not yet been commissioned for use;
- The southern drain is linked to the Roughgrange River which in turn flows into the River Boyne. The River Boyne forms part of the River Boyne and River Blackwater SAC (Site code 002299).
