Reg No: P0643-03

Dear Mr Gallagher

I refer to your application for a licence.

I am to advise in accordance with Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, that the following information is required in support of the application under Regulation 9 of the Regulations:

- Please submit an assessment of the impact of potential dioxin discharges from the proposed thermal oxidiser.
- Taking the new processes into account, please indicate the expected annual solvent usage at the installation.
- Please submit details of any oil separators installed on-site; these details should indicate the class and size (by-pass, full retention etc.) of these apparatus.

In addition to the above please also provide an updated non-technical summary to reflect the information provided in your reply. The requested information should be submitted to the Agency within *two weeks* of the date of this notice, in order to allow the Agency to process and determine your application.

In the circumstances, you should make immediate arrangements to have the required document(s) (1 signed original and 1 copy in hardcopy format, and 2 copies of all files in electronic searchable PDF format on CD-ROM) submitted to the Agency without delay. Your response to this request should be directed to Noeleen Keavey, Administration Officer, Office of Climate, Licensing & Resource use.

It should be noted that the eight-week period within which the Agency is to decide the proposed determination will commence on the day on which this notice has been complied with. If you have any further queries please contact Mr Gavin Clabby at the number above.

Yours sincerely

Gavin Clabby
